

THE CORPORATION OF THE TOWNSHIP OF CENTRE WELLINGTON

**NOTICE OF PUBLIC INFORMATION CENTRE NO. 1**

**CLASS ENVIRONMENTAL ASSESSMENT  
ST DAVID STREET BRIDGE (STRUCTURE 2-F) REHABILITATION  
ST. DAVID STREET (Highway No. 6)  
OVER GRAND RIVER, FERGUS  
MTO SITE NO. 35-210**

The Township of Centre Wellington (Township) is holding a Public Information Centre for the St. David Street Bridge (Structure 2-F) located on St. David Street (Highway No. 6) crossing over the Grand River in Fergus. The Bridge was constructed in 1968, and is nearing the end of its service life. The rehabilitation of the St. David Street Bridge will include the replacement of the deck, girders and traffic barriers, modification of the abutments to semi-integral type complete with new waterproofing and paving, road approaches, drainage improvements and utility replacement. In April 2016, the Township was successful in securing a \$2.2 million grant for the rehabilitation of the St. David Street Bridge under the Province of Ontario's Connecting Links Program. The St. David Street Bridge rehabilitation is scheduled to occur in 2018 with utility relocations occurring in late 2016 and 2017.

**The Process:**

This project is being planned in accordance with the requirements of a Schedule "B" project under the "Municipal Class Environmental Assessment" (Municipal Engineers Association, June 2000 as amended in 2007 & 2011) which is an approved process under the Ontario Environmental Assessment Act. The Class Environmental Assessment process includes public and agency consultation, an evaluation of alternatives, an assessment of potential environmental effects, and identification of reasonable measures to mitigate any adverse impacts that may result.

**How to Participate:**

The Information presented at this Public Information Centre will include the existing environmental conditions, review the rehabilitation alternatives considered and to discuss any questions or concerns relating to this project with the Project Team. The Project Team is comprised of Township staff, Triton Engineering (Project Management) and MMM Group/WSP (Bridge Design). The Public Information Centre is scheduled for:

**Thursday, October 6<sup>th</sup>, 2016, 6:00 p.m. to 8:00 p.m.**  
**Fergus Grand Theatre**  
**244 St. Andrew Street West, Fergus, Ontario**

Public and agency input is a key component of this study. You are encouraged to attend the Public Information Centre and provide your comments so that they may be included in the study. Comments received will be considered in finalizing the selection of the preferred alternative and identification of appropriate mitigation measures.

**For more Information**

Please contact either one of the project team members if you have any questions, comments or would like to be added to the project mailing list:
