To better diversify and enhance the camp experience, we've made a few thoughtful updates to our 2026 camp structure. These changes allow us to provide age-appropriate activities while ensuring a safe, fun, and well-organized environment for every camper.

### **2026 Camp Structure & Age Groups**

During weeks when two camps with separate age groups are running at the same location, families will be required to register their child in the camp that corresponds with their age. This structure helps ensure the best possible experience for every camper. Activities will be thoughtfully planned with each age group in mind, allowing for age-appropriate games, challenges, and skill development.

Campers will be dropped off and picked up in the same designated space. However, from 9:00 a.m. to 4:00 p.m., camp activities will be scheduled separately and take place in different areas of the facility for each camp group.

### **General Camp (Ages 5–12)**

During weeks that are offered to campers 5-12, campers will be grouped with children of similar ages. Activities will be planned with all age ranges in mind and will take place in shared spaces. Our experienced Coordinators and Leaders will still tailor activities to match camper ages, abilities, and interests.

### **One-to-One Support**

Please note that the Township does not provide one-to-one support during camp programming. Children who require one-to-one support are welcome to attend camp if they are accompanied by their own support worker. SKIC does offer one-to-one support assistance; the SKIC Summer 2026 application will be open from April 1 at noon to April 5 at noon.
