Notes to Planning Services

Note 1: Zoning By-law Amendment - Minor Amendment includes applications to modify a lot regulation on agricultural or residential zoned properties with fewer than 4 dwelling units. Application of the major amendment fee shall be at the sole discretion of the Director of Planning.

Note 2: Request to Prepare Development Agreement includes development agreements, service financing agreements, cash-in-lieu of parking agreement's condominium development agreements and subdivision agreements.

Payment of Fees

Fees for planning applications made to the Township, or for services carried out by the Township in respect of a planning or related matter shall be submitted at the time of application. An application is not considered complete until such time as the fees have been paid.

Deposits and Deposit Agreements

Every application or request for services to be provided by the Township requiring a deposit as set out in this by-law shall be accompanied by the deposit and a deposit agreement in the form established by the Township from time to time. An application is not considered complete until the required deposit and agreement has been submitted.

Where the deposit required by this by-law is not a fixed amount, the minimum amount of deposit shall be determined in accordance with the following:

\$2,400 If the application relates to land that, if passed, would allow the development of:

- A. Fewer than six (6) dwelling units, or
- B. Less than 465 square metres of industrial, commercial or institutional space, or
- C. A parcel of land containing less than one half (1/2) hectares which will not involve the construction of any buildings or structures requiring a building permit.

\$6,000 If the application relates to land that, if passed, would allow the development of:

- A. More than six (6) dwelling units, but fewer than twenty (20) dwelling units, or
- B. Between 465 and 1,860 square metres of industrial, commercial, or institutional space, or
- C. A parcel of land containing more than one half (1/2) hectares but fewer than five (5) hectares which will not involve the construction of any buildings or structures requiring a building permit.

\$12,000 If the application relates to land that, if passed, would allow the development of:

- A. More than twenty (20) dwelling units, or
- B. More than 1,860 square metres of industrial, commercial or institutional space, or
- C. A parcel of land containing more than five (5) hectares which will not involve the construction of any buildings requiring a building permit.

All monies paid as deposits to the Township are held by the Township in trust until final disposition of the planning application. Applicants shall receive invoices for various expenses incurred by the Township for services provided in the conduct of an application.

Deposit monies shall bear interest at the most advantageous savings account rate of the Township's bank. In the event that an applicant does not pay the application fees and costs as provided for in this By-law by its due date, the Township will not be obligated to further process the application until such time as the account is paid. The Township may, at its' sole discretion, deduct outstanding accounts due from the applicant's deposit.

Where the Township approves a planning application, and that application is appealed to the Ontario Land Tribunal by a party other than the applicant, the Township shall continue to submit invoices to the applicant for the provision of services provided with respect to the application, including the preparation and representation by Township staff or consultants before the Ontario Land Tribunal. Failure to pay invoices or maintain the deposit as required may result in the Township's refusal to provide services in support of the application at the Ontario Land Tribunal.

Where the Township rejects a planning application, and the applicant or any other party appeals the Township's rejection of an application, invoices for services provided in respect of such application shall continue to be submitted up until the time of submission of the appeal to the Ontario Land Tribunal.

In the event that the Township provides a service in connection with a planning application for which a fee is to be paid as set out in this By-law, but such fee is not submitted or collected by the Township prior to the provision of service by the Township, then an invoice shall be submitted by the Township and the provisions of the deposit agreement shall apply to the invoice for service provision.

Applicants are encouraged to engage in pre-consultation with the Township prior to the submission of a planning application. Consultation with Township staff prior to the submission of a planning application is not charged to the proponent. However, if the requested pre-consultations requires the Township to engage its legal or engineering consultants or incur any external expenses, a deposit agreement shall be completed and the amount of such deposit shall be \$2,000. Upon submission of an application, any deposit monies that continue to be held by the Township may be applied against the total deposit required in support of a complete planning application or request for services.

Notes to Frontage Rates & Connection Fees Part B:

Frontage Rates & Connection Fees are intended to recover costs of servicing existing or newly created lots located along existing or newly constructed water/sewer/storm sewer mains, where such costs are not already being recovered by another means, such as a development agreement, etc..

Connection Fees are for the recovery of the Township's cost of bringing services from the mains to the property line. The Frontage Rates are to recover the cost of the mains running across the side of a lot on which the services are located, or in the case of a corner lot across the shorter side.

If the actual frontage or connection cost will, in the opinion of the Director of Infrastructure, exceed the above Connection fee or Frontage rate, the Managing Director may charge actual costs; a deposit equal to the estimated cost plus 20% for overhead shall be made by the property owner, and balance returned to or charged to the owner after completion.

Specific Extension (Frontage) and Connection Charges

Schedule 'G.1'

This Schedule lists the fees and charges applicable for equivalent frontage rates for the system extension and connection charges for each property connecting to the municipal water main and sanitary sewer services. Separate schedules are provided for each area of the municipality with connections available.

Connection to municipal services will require that property owners decommission private water and sewer systems in accordance with Provincial regulations and applicable by-laws, the cost of which will be borne by the property owner.

All required fees and charges shall be paid prior to connection.

Sanitary sewer extension charge (equivalent to frontage charge – see Note 1 below) - Specific Locations

Each applicable existing residential unit or any new residential unit shall be charged at the time of connection the basic equivalent residential unit ('ERU') charge as outlined in Schedules G.1a, G.1b, G.1c and G.1d. Each non-residential property shall be charged at the time of connection with the pro-rated equivalent residential unit charge as shown on Schedules G.1a, G.1b, G.1c and G.1d on a property by property basis identified by address and/or assessment roll number.
All other properties connecting to the system shall pay an extension (frontage) charge as outlined in Schedule G.

Water main extension charge (equivalent to frontage charge – see Note 1 below) - Specific Locations

Each applicable existing residential unit or any new residential unit shall be charged at the time of connection the basic equivalent residential unit ('ERU') charge as outlined in Schedules G.1a, G.1b, G.1c and G.1d. Each non-residential property shall be charged at the time of connection with the pro-rated equivalent residential unit charge as shown on Schedules G.1a, G.1b, G.1c and G.1d on a property by property basis identified by address and/or assessment roll number.
All other properties connecting to the system shall pay an extension (frontage) charge as outlined in Schedule G.

Sanitary sewer connection charge - Specific Locations

Each applicable property identified by address and/or assessment roll number on Schedules G.1a, G.1b, G.1c and G.1d shall pay the connection charge shown for such property.
All other properties connecting to the system shall pay a connection charge as outlined in Schedule G. (See Note 2 below)

Water main connection charge - Specific Locations

Each applicable property identified by address and/or assessment roll number on Schedules G.1a, G.1b, G.1c and G.1d shall pay the connection charge shown for such property.
All other properties connecting to the system shall pay a connection charge as outlined in Schedule G. (See Note 2 below)

NOTES

- Note 1:** The cost for extension of trunk sanitary and watermain on the schedules is based on pro-rated equivalent residential units, within the area serviced by the applicable trunk services.
- Note 2:** The connection charges reflect the costs incurred for the construction of the service, and rock removal where applicable.

Note 1: Total is calculated as the sum of Part 1 costs plus Part 2 costs

Note 2: Stub Connections

Stub Connections are for the future services to the existing properties located on side streets which are tributary to the County Road 18 trunk services. These will be dealt with at a future date, once service strategies and costs are determined for these side streets.

The cost of servicing each of the properties on these side streets will be calculated as the sum of the following:

Part 1: The actual cost for installing the stubs will be divided amongst the users who will be connected.

Part 2: Each property owner will be charged the standard Extension charge based on a single ERU.

Additional Charge: This charge will be calculated as the cost of the remaining infrastructure (i.e.: low pressure system) required to connect the side street users to the Wellington Road 18 system divided by the number of users.

Note 3: All rates above were created by indexing 2024 rates by 2.5%.
