ZONING BY-LAW
No. 2009-045

OFFICE CONSOLIDATION – December, 2024

This composite edition of By-Law No. 2009-045 is prepared for purposes of convenience only, and for accurate reference recourse should be had to the original and amending by-laws.

PREAMBLE

These pages explain the purpose of this Zoning By-law and how it should be used. These pages do not form part of the Zoning By-law passed by Council and are intended only to make the Zoning By-law more understandable and easier to use.

A zoning by-law controls the use of land in your community. It states exactly:

- how land may be used
- where buildings and other structures can be located
- the types of buildings that are permitted and how they may be used
- the lot sizes and dimensions, parking requirements, building heights and setbacks from the street.

An official plan sets out your municipality's general policies for future land use. Zoning by-laws put the plan into effect and provide for its day-to-day administration. They contain specific requirements that are legally enforceable. Construction or new development must comply with a zoning by-law; where it does not, the municipality will refuse to issue a building permit.

Section 34 of Ontario's *Planning Act* R.S.O. 1990, c.P. 13, as amended (the "Planning Act") grants the statutory authority to municipalities to zone lands. The main purpose of a zoning by-law is to set out the permitted uses of lands and to regulate the erection of buildings or structures on a lot.

Subsection 34(2) of the Planning Act indicates that, for the purposes of a zoning by-law, the "making, establishment or operation of a pit or quarry shall be deemed to be a use of land". The *Aggregate Resources Act*, R.S.O. 1990, c.A.8 as amended (the "ARA") works with the Planning Act in this regard and Section 12.1 of the ARA indicates that no license for a pit or quarry can be issued unless the lands are appropriately zoned.

Subsection 34(3) of the Planning Act provides municipalities with the authority to regulate the minimum area required for a parcel of land and to regulate the density of development.

Subsection 34(4) of the Planning Act indicates that a trailer (as defined in the *Municipal Act, 2001*, S.O. 2001, c. 25, as amended (the "Municipal Act") and a mobile home as defined in Subsection 46 (1) of the Planning Act, are buildings or structures for the purposes of Section 34 of the Planning Act. The inclusion of this provision makes it clear that mobile homes and trailers are subject to municipal zoning regulations.

Subsection 34(5) of the Planning Act provides municipalities with the ability to prohibit the use of land until such municipal services as may be set out in the by-law are available.

HOW TO USE THIS BY-LAW

In order to reference this By-law most easily, a property owner should follow each of the steps listed below to determine what permissions apply to their particular property.

1. Locate the Property on a Map

Maps in a Zoning By-law are called 'Schedules' or Defined Area Maps. The first step to using this By-law is to refer to the zone schedules that are contained at the back of the By-law to determine in which zone category your property is located. The zone category will be indicated on the schedules by a symbol or abbreviation. For example, you may see a symbol such as "A" attached to your property. This would indicate that your property is within the "Agricultural" Zone. The zone symbols or abbreviations are explained in Section 2 of the By-law.

Section 2 also provides assistance to help you identify the zone boundaries on the Schedules. For example, if your property appears close to a zone boundary and you are not sure how to determine exactly where that boundary is located, refer to Section 2.7 of the By-law.

2. By-law Amendments

A Zoning By-law is not a static document. It is amended over time as demands and policies governing land use change. Before proceeding any further, you should verify that your property is not the subject of an earlier Zoning By-law amendment. While the Township periodically consolidates this By-law to incorporate amendments, the most recent amendments may not be included in the version of the By-law you are using.

Staff in the Township's Planning Department or Building Department will be able to assist you to confirm if your property has been subject to a more recent By-law amendment.

3. Zone Provisions

The next step to using this By-law is to determine what uses are permitted on your property. Sections 6 to 12 of the By-law identify the permitted uses and zone standards for each zone in the Municipality.

The definitions in Section 3 can assist you if you are not sure of the nature of a permitted use or how it has been defined for the purposes of this By-law. Most of the permitted uses set out in each zone in the By-law are defined within Section 3. Generally speaking, if a use is not listed in the permitted uses or incorporated within the definition of a permitted use, then it is not permitted by that zone category. Section 4 includes uses that are permitted in all zones, and uses that are restricted in all zones. Restricted uses are not permitted unless the zone provisions specifically state that the use is permitted.

Once you have identified the zone in which your property is located and the uses permitted in that zone, the next step is to determine what standards may apply to the uses on your property. Sections 6 to 12 of the By-law also identify the zone standards for each of the zone categories in the Township, including standards for minimum lot area, minimum frontage requirements, minimum yard requirements, maximum permitted height of buildings and in some cases, the minimum required landscaped open space on the lot.

4. General Provisions

Section 4 of the By-law contains general standards known as 'General Provisions' that apply to all properties in all zones in the Township. Once you have determined the zoning of your property, the permitted uses and the specific zone standards, you should also refer to the General Provisions.

For example, the general provisions contain standards that regulate the location of accessory structures on a lot, height exceptions, and non-conforming/non complying uses that apply to all properties regardless of what zone the property is located.

5. Parking and Loading

Section 5 provides the parking and loading requirements for all uses permitted in the Municipality. If you are considering changing the use of your property or adding a new use to your property, you should review Section 5 to ensure that you are aware of the parking requirements for the proposed use.

6. Holding Zones

Some properties are zoned with “holding zone” provisions applied. If a holding zone applies to your property, the zone code on the schedules will be followed by the suffix (H). If a property is in a holding zone, then there are certain conditions that must be fulfilled before the holding zone can be removed and a building permit issued. There may be special holding zone removal requirements that are identified if the holding zone symbol is denoted by H1, H2, H3, etc.

7. Site Specific Exception Zones

Lands subject to an exception covered in Section 15 (Exceptions) have specific use permissions or zone provisions that have been applied either in response to a landowner request or if there is a public interest objective in applying different rules on a property and/or in an area. The provisions within an exception section are intended to take precedence over any other provision in the By-law, where relevant lands subject to an exception will be specifically identified on the schedules with the use of a number followed by a decimal place, followed by a second number, with number before the decimal place representing the map on which the exception zone is located. For example, Exception 50.x is on Defined Area Map #50.

If a site specific zone is followed by the suffix (T), then the property is subject to use permissions that only last for a specified period of time. The site specific zone provisions identify the date on which the use permission will expire.

8. Description of Zones

This section includes an overview of the general intent and purpose of each zone.

Residential Zones

The residential zones are intended to implement the policies of the Residential land use designations within the Official Plan. The R1A ZONE is intended to provide primarily for single detached dwellings and accessory uses. Within the R1A zone there are three sets of regulations depending on the type of municipal servicing available to an R1A property – lots that have individual private sewer and water services, lots that have municipal sewer services only (such as the Salem low pressure sanitary sewer system) and lots that have both municipal water supply and sanitary sewage systems. In addition to the R1A zone, there are two additional R1 zones (R1B and R1C) that provide for incrementally smaller minimum lot frontages.

The R1A ZONE and R1B ZONES are also subject to a “Heritage Area Overlay” for areas zoned R1A or R1B that are within the Elora and Fergus Heritage Areas according to the Township Official Plan. The Heritage Area Overlay applies special regulations to R1A-zoned properties within the Elora Heritage Area and to the R1B-zoned properties within the Fergus Heritage Area. The special regulations include greater minimum lot area and frontage requirements, lower maximum lot coverage and lower building height than would otherwise apply to the R1A and R1B zones.

The R1A ZONE has also been applied to existing residential development in hamlets, rural settlement areas, rural subdivisions, and rural residential clusters.

The R2 ZONE provides for single detached dwellings on small lots, for semi-detached dwellings and for duplex dwellings.

The R3 ZONE provides for triplex dwellings, quadruplex dwellings, and townhouses.

The R4 ZONE provides for the highest density of residential development, allowing stacked townhouse and apartment dwellings.

It should be noted that in an existing neighbourhood, the minimum lot frontage and area requirements in themselves do not indicate an entitlement to create a new lot with that minimum frontage and area. The policies of the Official Plan apply to new lot creation and for a variety of reasons a new lot proposed in an existing neighbourhood might be considered inappropriate even if it meets the minimum frontage and area specified in the zone regulations.

Commercial Zones

In the Urban Centres, the commercial zones are intended to implement the land use designations in the Official Plan. The Central Business Districts of Fergus and Elora are zoned C1. The C1 zone allows a wide range of retail and service commercial uses.

Highway Commercial areas are zoned C2. The policies of both the Township and County Official Plans only permit retail uses requiring large sites in Highway Commercial areas. Therefore this by-law only allows retail stores with a floor area greater than 300 square metres (3,229 square feet) in any new building within a C2 zone.

Neighbourhood commercial sites are zoned C3.

The Residential Transition Area adjacent to the Elora Central Business District is zoned C4. This zone allows a limited amount of service commercial and residential use, but not retail uses.

The Township Official Plan identifies existing Retail Shopping Centres. The zoning by-law provides for these sites in a Shopping Centre (SC) zone.

Outside the Urban Centres, existing commercial and industrial sites have been zoned C5 (Rural Commercial).

Industrial Zones

In the Urban Centres, lands designated by the Official Plan as Industrial are zoned either M1 (Service Industrial) or M2 (General Industrial). The M1 zone permits service commercial and general industrial uses, but does not permit more intensive industrial uses such as stamping plants. These uses are permitted in M2.

In Centre Wellington, there are no designated Rural Industrial areas.

Existing licensed aggregate extraction operations have been zoned M3 – Extractive Industrial sites. In addition, sites that have approved zoning in place and licenses pending are also zoned M3. Previous aggregate extraction sites for which licenses have been surrendered have been returned to Agricultural zoning.

Institutional Zones

The INSTITUTIONAL (IN) ZONE applies to lands that are the site of uses such as churches, schools and other large-scale public facilities.

Rural System Zones

The AGRICULTURAL (A) ZONE applies to lands that are designated Agricultural by the County of Wellington Official Plan, with the exception of some existing residential clusters and rural subdivisions.

An AGRICULTURAL – WIND ENERGY (A-W) ZONE is included in the text of the By-law to accommodate future application for large wind energy systems. Potential Provincial legislation may affect the applicability of this zone.

In the County Official Plan, the Rural System also includes Recreational areas, which includes uses such as mobile home parks, trailer parks/campgrounds, and golf courses. These uses are zoned MH (Mobile Home Park), CG (Campground) and OS-GC (Open Space-Golf Course) respectively.

Environmental and Open Space Zones

Lands designated Core Greenlands by the County of Wellington Official Plan have been zoned EP – Environmental Protection. The Core Greenlands features include provincially

significant wetlands, wetlands, habitat of endangered or threatened species, floodways, and hazardous lands.

This By-law also provides for an “Environmental Protection Overlay”. The Environmental Protection Overlay corresponds to the Greenlands designation according to the County Official Plan, as well as the GRCA regulated area limits (where mapping is available). This is not a separate zone but an overlay that will indicate to property owners and the zoning administrators that a physical feature is present that may require further review or permissions prior to development approvals or the issuance of a building permit. The identification of Greenlands features in a zoning by-law is optional according to the County Official Plan.

Public parks, open space areas and stormwater management areas have been zoned OS (Open Space). Properties owned by the Grand River Conservation Authority and used for recreational purposes, such as the Elora Gorge Conservation Area, parts of Victoria Park (Elora), the Elora Quarry and Lake Belwood Conservation Area have been zoned CA (Conservation Area).

Trail Corridors

The Elora-Cataract Trailway Corridors through the Township have a variety of owners. Parts are owned by the Upper Grand District School Board, the Township, the County of Wellington and the GRCA. Portions owned by the Township, the County or the GRCA are zoned OS or CA.

The General Provisions of the By-law also provide that trail corridors are a permitted use in any zone.

Future Development Zone

The FUTURE DEVELOPMENT (FD) ZONE applies to lands that are part of the Elora-Salem or Fergus Urban Centres that are expected to be developed or redeveloped in the future, but for which further planning review is needed before further development approvals can be granted. This includes the Secondary Plan areas identified in the Official Plan. Permitted uses are limited to existing uses, buildings and structures only.

TOWNSHIP OF CENTRE WELLINGTON
BY-LAW NO. 2009-045

Being a by-law to regulate the use of land and the character, location, and use of buildings and structures in the Township of Centre Wellington, pursuant to Section 34 of the Planning Act, R.S.O. 1990

WHEREAS the Council of the Corporation of the Township of Centre Wellington deems it desirable and in the public interest to enact a Comprehensive Zoning By-law to implement the County of Wellington Official Plan and the Township of Centre Wellington Official Plan

NOW THEREFORE THE COUNCIL OF THE CORPORATION OF THE TOWNSHIP OF CENTRE WELLINGTON ENACTS AS FOLLOWS:

1.0 TITLE AND PURPOSE OF BY-LAW

1.1 TITLE

This By-law shall be known as “the Comprehensive Zoning By-law of the Township of Centre Wellington” but may be cited as the **Centre Wellington Zoning By-law**.

1.2 Purpose

The purpose of this by-law is to:

- a) Restrict the use of land, except for such purposes as may be set out in the by-law within any defined area of the municipality; and,
- b) Restrict the erection, location or use of buildings or structures for or except for such purposes as may be set out in the by-law or within any defined area of the municipality; and,
- c) Restrict the erection of buildings or structures on land that is subject to flooding or on land with steep slopes, or that is a provincially or locally significant wetland; and,
- d) Restrict the use of land that is within a wellhead protection area;
- e) Regulate the type of construction and the height, bulk, location, size, floor area, spacing, character and use of buildings or structures to be erected or located within any defined area of the municipality, and the minimum frontage and depth of the parcel of land and the proportion of the area thereof that any building or structure may occupy; and,
- f) Require the owners or occupants of buildings or structures to be erected or used for a purpose named in the by-law to provide and maintain loading or parking facilities on land that is not part of a highway.

2.0 ADMINISTRATION

2.1 APPLICATION

The provisions of this By-law shall apply to all those lands lying within the Township of Centre Wellington. No building or structure shall hereafter be erected or altered and the use of any building or structure or lot shall hereafter not be changed in whole or in part except in conformity with the provisions of this By-law.

2.2 APPLICATION OF OTHER BY-LAWS AND REGULATIONS

Nothing in this By-law shall relieve any person from the obligation to comply with the requirements of the *Building Code Act, 1992*, S.O. 1992, c.23 as amended (the "Building Code Act") or any other By-law of the Municipality or County in force from time to time or the obligation to obtain any licence, permit, or approval lawfully required under any By-law of the Municipality or County or by a governmental authority having jurisdiction to make such restrictions. This By-law shall not be effective to reduce, permit or mitigate any restrictions or regulations lawfully imposed by a governmental authority having jurisdiction to make such restrictions or regulations.

2.3 CONFLICTING REGULATIONS

Where a combination of permitted uses results in conflicting regulations, the most restrictive regulations shall apply.

2.4 CONFLICTS WITH OTHER MUNICIPAL BY-LAWS

In the event of any conflict or inconsistency between this By-law and any other By-law of the Corporation, the provisions of this By-law shall prevail.

2.5 CONFORMITY REQUIREMENTS

2.5.1 No person shall use any land, or construct, alter or use any building or structure or part thereof within the limits of the Township of Centre Wellington except in conformity with the provisions of this By-law.

2.5.2 No building, structure, or part thereof constructed or altered in contravention of this By-law shall be used by any person so long as such building, structure, or part thereof, continues to contravene the provisions of this By-law.

2.5.3 No lot shall be reduced in area by conveyance, severance, mortgage or other alienation of a part thereof so that any remaining yard or other open space is less than required by this By-law. If any such reduction occurs, such lot and any building or structure thereon shall not thereafter be used by any person unless and until the said yard or requirements of this By-law are complied with. See Sections 4.20 and 4.21 regarding lots reduced by public acquisition.

2.5.4 No person shall change the purpose for which any lot, building or structure is used, or construct, alter, or use any building or structure, or sever any lands

from any existing lot, if the effect of such action is to cause the original, remaining or new building, structure or lot to be in contravention of this By-law.

2.6 ESTABLISHMENT OF ZONES AND ZONING MAPS

For the purpose of this By-law, the maps attached hereto as Schedule "A" shall be referred to as the Zoning Maps for the Municipality and are hereby declared to form part of this By-law. The following zones are hereby established as illustrated on the maps attached hereto as Schedule "A", and such zones may be referred to by the appropriate symbol:

ZONE CLASS	MAP SYMBOL	PRIMARY PURPOSE OF ZONE
AGRICULTURAL	A	To accommodate farms
	A-W	To accommodate large wind energy systems
RESIDENTIAL	R1A-R1C	To accommodate single detached dwellings at various densities
	R2	To accommodate small lot single detached dwellings, semi-detached dwellings and duplex dwellings
	R3	To accommodate triplex and townhouse dwellings
	R4	To accommodate stacked townhouse and apartment dwellings
	R5	To accommodate Pine Meadows Retirement Community
RECREATIONAL	CG	To accommodate trailer camps and campgrounds
	MH	To accommodate mobile home parks
COMMERCIAL	C1	To accommodate commercial uses in the Fergus and Elora Central Business Districts
	C2	To accommodate highway commercial uses
	C3	To accommodate neighbourhood commercial uses
	C4	To accommodate mixed service commercial and residential use adjacent to the Elora

		Central Business District (Residential Transition Area)
	C5	To accommodate rural commercial uses
	SC	To accommodate community shopping centres
INSTITUTIONAL	IN	To accommodate public service facilities such as educational, government and other non-profit community institutions, public hospitals, places of worship, children's care facilities, and licenced nursing care facilities
INDUSTRIAL	M1	To accommodate light industrial uses
	M2	To accommodate general industrial uses
	M3	To accommodate aggregate extraction
OPEN SPACE	OS	To accommodate public parks and recreational facilities
	CA	To accommodate lands owned by the Grand River Conservation Authority that are used as Conservation Areas.
ENVIRONMENTAL PROTECTION	EP	To prohibit development on designated Core Greenlands. Core Greenlands include provincially significant wetlands, wetlands, habitat of endangered or threatened species, floodways, and hazardous lands.
FUTURE DEVELOPMENT	FD	To identify lands where future development may occur subject to appropriate planning studies and zoning regulations.

2.6.1 EXCEPTION ZONES / SPECIAL PROVISIONS

Where the zone symbol applying to certain lands as shown on the Zoning Maps that form Schedule "A" is followed by a period, a number, a period and then another number (for example A.22.3), then special provisions apply to such lands and such special provisions shall be found by reference to Section 15 of the By-law which deals with Exceptions. Lands denoted in this manner shall be subject to all the restrictions of the zone except as otherwise provided for by the special provisions.

2.6.2 Overlay Zones

This by-law contains two overlay zones: a Heritage Area Overlay and an Environmental Protection Overlay. Where the overlay is indicated on a zoning map, the provisions and regulations of the underlying zone shall continue to apply, but there may be additional provisions and regulations applied, or conditions that must be fulfilled prior to the granting of any planning approvals or the issuance of any building permit.

2.6.3 Zone Boundaries

The Zoning Maps comprising Schedule “A” show the boundaries and extent of all Defined Areas (Zones). These maps, together with all notations, references, and other information are hereby incorporated in and form part of this by-law. Where any uncertainty exists as to the location of the boundary of any Zone, as shown on the Zoning Maps, the following rules shall apply:

- 2.6.3.1 Where any zone boundary is indicated as following a highway, a street, lane, watercourse or railway right-of-way, such zone boundary shall be construed to follow the centre line of the highway, street, lane, watercourse, or railway right-of-way.
- 2.6.3.2 Where zoning boundaries are indicated as approximately following lot lines, such lot lines shall be deemed to be the said boundary. Where lines which form Zone boundary lines (such as property lines or Street lines) vary from the Zoning Map when measured on the ground or where any other uncertainty exists, the location of the Zone boundary line shall be construed to follow the nearest property line.
- 2.6.3.3 Where zoning boundaries are indicated as approximately parallel to the line of any street and the distance from such street is not indicated, such zoning boundaries shall be construed as being parallel to such street and the distance therefrom shall be determined by the use of the scale shown on the Zoning Maps.
- 2.6.3.4 Where any zone boundary is left uncertain after application of the provisions of paragraphs 1, 2, and 3, then the boundary line shall be determined according to the scale on the Zoning Map.
- 2.6.3.5 The Environmental Protection (EP) Zone and Environmental Protection Overlay boundaries identified on the schedules to this By-law are intended to generally identify the location of potentially hazardous environmental features, or natural environment features that must be protected from development. During review of development applications and building permit applications, if necessary, the boundaries of the EP zone or overlay shall be more precisely determined in consultation with the Conservation Authority or other agencies having jurisdiction in the area. Where detailed resource mapping and/or site inspection results in a re-interpretation of the limits of the EP zone or overlay boundary, a zoning amendment will not be required, and all requirements of this by-law shall be reviewed relative to the revised interpretation of the

EP Zone boundary, including any applicable setbacks. The uses and regulations of the adjacent zone on the same lot shall apply. Where a permit has been issued by the Conservation Authority, any provisions as set out in the permit shall also apply and shall supercede the zoning provisions where more restrictive.

2.6.3.6 Where a street, lane, railway or highway right-of-way, or portion thereof as shown on a Zoning Map is hereafter closed or diverted, the property formerly in said street, lane, railway or right-of-way shall be included within the zone of the adjoining property on either side of the said closed street, lane, railway or highway right-of-way.

2.6.3.7 Where the said street, lane, railway or highway right-of-way was a zone boundary between different zones, the new zone boundary shall be the former centreline of the said street, lane, railway or highway right-of-way.

2.6.4 Holding Zone Suffix (H)

When a zoning symbol includes the suffix (H), the lands are subject to holding zone removal provisions. Requirements for the removal of a holding zone symbol are set out in Section 14.

2.6.5 Temporary Use Bylaws Suffix (T)

When a zoning symbol includes the suffix (T), the subject zoning is temporary and expires on a date set out in the applicable zone provisions.

2.6.6 More Than One Zone On A Lot

Where a lot has two or more of its parts classified in different zones, then the provisions for each zone shall apply to each part as if said part was a separate lot, excepting however where a portion of a property is zoned "EP" such portion may be used to satisfy the side yard, rear yard or front yard setback provisions.

2.7 INTERPRETATION OF CERTAIN WORDS

2.7.1 In this By-law, unless the context clearly indicates the contrary:

- words used in the present tense include the future;
- words in the singular number include the plural, and the converse; and
- words in the masculine gender shall include the feminine, and the converse.

2.7.2 The word "shall" is mandatory.

2.7.3 The word "use", when used as a noun, shall mean the purpose for which a lot or a building or structure or any combination thereof is designated, arranged, intended, occupied or maintained and "uses" shall have a corresponding

meaning. When used as a verb, the word "use" or "to use" shall have a corresponding meaning.

2.8 ADMINISTRATION

Unless otherwise specified, this By-law shall be administered by the Chief Building Official and/or Building Inspector acting on the direction of the Council of the Township of Centre Wellington.

2.9 BUILDING AND OTHER PERMITS

2.9.1 Notwithstanding the provisions of any other by-laws of the Township of Centre Wellington, the Chief Building Official shall not issue any Building Permit or any other permit where the proposed building or any part thereof, use or occupancy would be in violation of any provisions of this By-law.

2.9.2 It shall be prohibited for any person(s) to use or permit to use or cause a change in use of any building or part thereof, hereafter erected or altered until such Building Permit or Change of Use Permit has been issued and certified by the Chief Building Official in accordance with the Building Code Act and Building By-law.

2.10 ENTRY AND INSPECTION

The Zoning Administrator, Chief Building Official, or any inspector appointed under the Building Code Act are each assigned the responsibility of enforcing the zoning by-law for the purposes of Section 49 of the Planning Act.

2.11 PENALTIES

Any person convicted of a breach of any provision of this By-law shall be subject to such penalties or orders as provided for in Section 67 of the Planning Act.

2.12 ADDITIONAL REMEDIES

In case any building or structure is to be erected, altered, reconstructed, extended or part thereof is to be used, or any lot is to be used, in contravention of any requirement of this By-law, such contravention may be restrained by action at the instance of any rate-payer or of the Corporation of the Township of Centre Wellington pursuant to the provisions of the *Municipal Act, 2001*, S.O. 2001, c. 25, as amended (the "Municipal Act") or the Planning Act.

2.13 SEVERABILITY

A decision of a court that one or more provisions of this By-law are invalid in whole or in part does not affect the validity, effectiveness or enforceability of the other provisions or parts of the provisions of this By-law.

2.14 REPEAL OF EXISTING ZONING BY-LAWS

Town of Fergus By-law No. 3256-95, Village of Elora By-law 3196-95, Township of Nichol By-law No. 1520-88, Township of Pilkington By-law No. 96-07, Township of West Garafraxa and Township of Eramosa By-law No. 14-97 and all amendments thereto, except By-laws 2009-043 and 2009-044, are hereby repealed, except insofar as it affects parcels identified on Schedule “A” as “Land Not Subject to By-law No. 2009-045”.

2.15 TRANSITION

2.15.1 Despite Section 2.14, this by-law does not apply to prevent the issuance of a building permit for a project for which a completed application for a building permit or site plan approval was received prior to the coming into effect of this by-law, provided the application complied with the provisions of the applicable zoning by-law as it read prior to the coming into effect of this by-law.

2.15.2 For the purposes of this subsection, a completed application means the completion of any required application forms, the filing of any applicable fees, and the submission of plans and reports as deemed necessary by Township staff.

2.15.3 Nothing in this by-law applies so as to continue the exemption provided by this section beyond the issuance of the permit upon which the exemption is founded; and in no case does the exemption mentioned in subsection (3) continue beyond the repeal of this subsection.

2.15.4 Once the permit, agreement or approval under this Section has been granted, the provisions of this by-law shall apply to the land in question.

2.15.5 This section is repealed on the day that is three years from the date that this by-law comes into effect.

2.16 COMMITTEE OF ADJUSTMENT DECISIONS AFFECTING EXISTING ZONING BY-LAWS

Where the Committee of Adjustment of the Township of Centre Wellington or the Ontario Municipal Board has authorized a minor variance from the provisions of an existing Zoning By-law referred to in Section 2.15, in respect of any land, building or structure and the decision of the Committee of Adjustment or the Ontario Municipal Board has become final and binding prior to the enactment of this By-law, the provisions of this By-law, as they apply to such land, building or structure, shall be deemed to be modified to the extent necessary to give effect to such minor variance.

2.17 SITE PLAN AGREEMENT

Where the Township of Centre Wellington has entered into a Site Plan Agreement in respect of any land, building or structure prior to the effective date of this by-law, the provisions of this by-law shall be deemed to be modified to the extent necessary to give effect to such Site Plan Agreement.

2.18 TECHNICAL REVISIONS TO THE ZONING BY-LAW

Revisions may be made to this by-law without the need for a zoning by-law amendment in the following cases:

- a) correction of grammar, punctuation or typographical errors or revisions to format in a manner that does not change the intent of a provision;
- b) adding or revising technical information on maps or schedules that does not affect the zoning of lands including, but not limited to, matters such as updating and correcting infrastructure information, keys, legends or title blocks; and
- c) changes to appendices, footnotes, headings, indices, marginal notes, tables of contents, illustrations, historical or reference information, page numbering, footers and headers, which do not form a part of this by-law and are editorially inserted for convenience of reference only.

Waste Disposal Area means a facility operated by or for the Township of Centre Wellington or the County of Wellington, or authorized by the Ministry of Environment, where garbage, refuse or domestic or industrial waste is disposed of or dumped, and shall include a sewage treatment plant or sewage lagoon.

Waste Management Facility shall mean a recycling depot, waste disposal area, or waste transfer station.

Waste Transfer Station shall mean a place authorized by the Ministry of Environment where waste material is collected, sorted, prepared and/or transferred into containers for shipment to a land fill site, recycling facility or other waste disposal facility.

Waterbody shall mean any bay, lake, natural watercourse or canal, other than a drainage or irrigation channel. Isolated farm or recreational ponds, without an inlet or outlet stream, are excluded from the definition of waterbody. Notwithstanding the foregoing, any feature with open water in excess of 0.4 ha shall be considered a waterbody.

Watercourse shall mean the natural or altered channel for a stream or water body and for the purpose of this By-law, includes the channel for intermittent streams.

Water or sewage treatment facility shall mean a system of underground pipes or conduits and related pumping and treatment facilities, including buildings and structures, operated for or by the municipality for the treatment and disposal of water, stormwater and/or sanitary sewage.

Wayside Pits and Quarries means a temporary pit or quarry opened and used by or for a public authority solely for the purpose of a particular project or contract of road construction and not located on the road right-of-way.

Wellhead Protection Area means an area that is related to a wellhead and within which it is desirable to regulate or monitor drinking water threats (Ontario Regulation 287/07).

Wetlands means lands that are seasonally or permanently covered by shallow water, as well as lands where the water table is close to or at the surface. In either case the presence of abundant water has caused the formation of hydric soils and has favoured the dominance of either hydrophytic plants or water tolerant plants. The four major types of wetlands are swamps, marshes, bogs and fens. Periodically soaked or wet lands being used for agricultural purposes which no longer exhibit wetland characteristics are not considered to be wetlands for the purposes of this definition.

Wildlife Habitat means areas where plants, animals and other organisms live, and find adequate amounts of food, water, shelter and space needed to sustain their populations. Specific wildlife habitats of concern may include areas where species concentrate at a vulnerable point in their annual or life cycle; and areas which are important to migratory or non-migratory species.

Woodlands means treed areas that provide environmental and economic benefits to both the private landowner and the general public, such as erosion prevention, hydrological and nutrient cycling, provision of clean air and the long-term storage of carbon, provision of wildlife habitat, outdoor recreational opportunities, and the sustainable harvest of a wide range of woodland products. Woodlands include treed areas, woodlots or forested areas and vary in their level of significance at the local, regional and provincial levels.

Welding Shop means a workshop in which metals are welded.

Wholesale Outlet shall mean a building, structure or part thereof in which goods, wares, articles or merchandise are offered or kept for sale at wholesale, but shall not include direct sales to the general public.

Wind Energy Participating Neighbour means a neighbouring landowner whose land abuts the subject land and is zoned to permit a wind energy system and where there is a signed

agreement between the two owners to place a wind energy system on or near the mutual lot line.

Wind Energy System means a system that converts wind energy into electricity, and consists of a wind turbine, a tower and associated control or conversion electronics. A wind energy system may be connected to the electricity grid in circuits at a substation to provide electricity off-site for sale to an electrical utility or other intermediaries. Accessory uses may include service roads, underground and above ground electrical collection systems and transformers. A **Micro Wind Energy System** consists of one wind turbine on a lot with nameplate capacity of 5kW or less. A **Small Wind Energy System** consists of one or more wind turbines on a lot that have a total nameplate capacity of more than 5kW and less than 100kW. A **Large Wind Energy System** consists of one or more wind turbines on a lot, or an array of multiple turbines on multiple lots, with total name plate capacity of 100kW or more.

Wind Testing Tower means a single structure erected on a temporary basis, normally not exceeding one year, for the purpose of testing the potential wind strength for generating electricity.

Wind Turbine means a structure that includes: a tower, nacelle, blades and related appurtenances, and used for the conversion of wind energy into electricity.

Wind Turbine Height means the distance measured from average grade to the uppermost extension of any blade, or the maximum height reached by any part of the wind turbine, whichever is greater.

Yard shall mean a space appurtenant to a building or structure, located on the same lot as the building or structure, which is open, uncovered and unoccupied by any building or structure, except as specifically permitted by this bylaw. In determining yard measurements the minimum horizontal distance from the respective lot lines shall be used.

Yard, Exterior Side shall mean the yard of a corner lot extending from the front yard to the rear yard between the exterior side lot line and the nearest wall of the principal building or structure on the lot.

Yard, Front shall mean a yard extending across the full width of the lot between the front lot line and the nearest wall of the principal building or structure on the lot.

Yard, Interior Side shall mean a yard other than an exterior side yard that extends from the front yard to the rear yard between the interior side lot line and the nearest wall of the principal building or structure on the lot.

Yard, Maximum means the maximum distance of a yard from a lot line. In calculating the maximum yard, the minimum horizontal distance from the respective lot line shall be used.

Yard, Rear shall mean a yard extending across the full width of the lot between the rear lot line and the nearest wall of the principal building or structure on the lot.

Yard, Required means the yard required by the provisions of this bylaw.

Zone shall mean an area of land delineated on the Zoning Maps that form part of this bylaw.

Zoning Administrator shall mean the officer or employee of the Corporation of the Township of Centre Wellington charged with the duty of administering and/or enforcing this By-law.

(Not to be confused with Regulatory Building Line)

A. Side Lot Line are Parallel; Street is Straight

The lot frontage is measured along a line drawn between the side lot line parallel to the front lot line at the distance specified in the By-Law for the minimum front yard.

B. Front and Rear Lot Lines Are Not Parallel

The lot frontage is measured along a line drawn between the side lot lines parallel to the front lot line at the distance specified in the By-Law for the minimum front yard.

C. No Rear Lot Line

The Lot frontage is measured along a line drawn between side lot lines parallel to the front lot line at the distance specified in the By-Law for the minimum front yard.

D. Corner or Interior Lot on a Curve or Daylight Triangle

The Lot frontage is measured along a line drawn parallel to the tangent of the front lot line at the distance specified in the By-Law for the minimum front yard. The frontage extends to the tangent of side lot line.

E. Lot on a Corner Eyebrow

The lot frontage is measured along a line drawn perpendicular to a line joining the midpoints of the rear lot line and the line projecting the front lot line to the projection of the side lot at the distance specified in the By-Law for the minimum front yard.

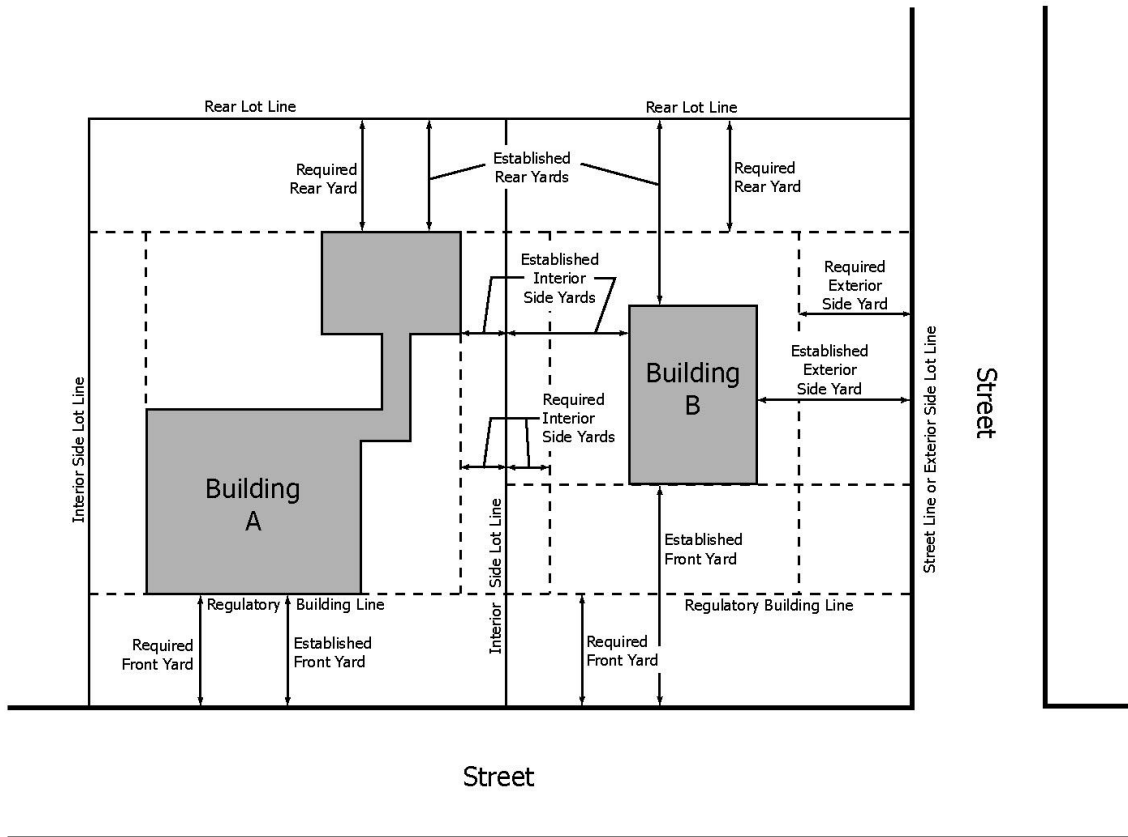

F. Lot on a Cul-De-Sac Eyebrow

The lot frontage is measured along a line drawn perpendicular to a line joining the midpoint of the arc of the street line to the midpoint of the rear lot line at the distance specified in the By-Law from the minimum front yard.

G	Special Provision for a Through Lot	On a Through Lot, no accessory building may be located closer to 6.0 m to a rear lot line.				
Notes:						
(1) Including accessory buildings, the lot coverage of all buildings on a lot shall not exceed the maximum lot coverage specified in the zone regulations.						

4.3 ADULT ENTERTAINMENT ESTABLISHMENT

In a zone where an adult entertainment use is permitted by this bylaw, such use shall only be established in accordance with the following:

4.3.1 No adult entertainment establishment shall be permitted within 500 m (1,640 ft) of any land zoned Institutional. Such a separation distance shall be measured using the closest point on the main wall of an existing or proposed building that houses or may house an adult entertainment establishment, to the nearest boundary of the Institutional zone.

4.3.2 No adult entertainment establishment shall be permitted within 500 metres (1,640 ft) of a lot containing any of the following uses: a church, a school, a cemetery, a hospital, a day care centre, a retirement home, a nursing home, a group home, a museum, a library. Such a separation distance shall be measured using the closest points on the main wall of each building or structure.

4.4 AMUSEMENT ARCADE

In a zone where an amusement arcade is permitted by this bylaw, such use shall only be established in accordance with the following:

4.4.1 No amusement arcade shall be permitted within 500 m (1,640 ft) of any land containing a school operated by the Upper Grand District School Board or the Wellington Catholic District School Board. Such a separation distance shall be measured using the closest point on the main wall of an existing or proposed building that houses or may house an amusement arcade, to the nearest boundary of a lot containing a school.

4.5 AUTOMOTIVE SERVICE STATION, CAR WASH OR GAS BAR

In a zone where an automobile service station, a car wash, or a gas bar is permitted by this bylaw, such use shall only be established in accordance with the following:

4.5.1 No service pump or storage tank shall be located closer to the street line than 7.5 m (24.6 ft) nor within a site triangle as defined by this By-law.

4.5.2 No entry or exit ramp shall be located within 9.0 m (29.5 ft) of any street intersection measured at the curb line nor shall any entry or exit ramp exceed 9.0 m (29.5 ft) in width.

4.5.3 Notwithstanding anything else in this by-law, residential dwelling units are not permitted within a commercial building containing an automobile service station, a gas bar, or a car wash, or on the same lot as a gas bar or car wash unless the closest point of a building containing such a residential use is at least 90 m from the closest point of the gas bar or car wash.

4.6 BED AND BREAKFAST ESTABLISHMENT (B&B)

Within those zones where bed & breakfast establishments are permitted, such uses shall be in accordance with the provisions for such zones and shall also comply with the following regulations:

4.6.1 No more than 3 guests rooms shall be provided within a Class 1 B&B and no more than 6 guests rooms shall be provided within a Class 2 B&B.

4.6.2 Any exterior stairways required for a B&B shall be located in a side or rear yard.

4.6.3 All new B&B establishments shall comply with the requirements of this Zoning By-law, other local by-laws, and any applicable provincial regulations such as the Ontario Building Code and Fire Code, as amended.

4.6.4 A Bed and Breakfast Establishment existing on the date of passing of this by-law is deemed to comply with Sections 4.6.1 and 4.6.2.

4.7 BUFFER STRIP

In any zone where a buffer strip is required, it shall:

- 4.7.1** Have a minimum width throughout of not less than 1.5 m (4.9 ft).
- 4.7.2** Be located within and abutting the entire zone limit other than along a street line where such buffer strip is required.
- 4.7.3** Consist of a continuous un-pierced planting of trees, shrubs and other landscaping features, maintained at an ultimate height of not less than 1.8 m (5.9 ft).
- 4.7.4** Be kept free of all parking, buildings or structures except for a legal boundary partition and used only for the placement of trees, shrubs, similar vegetation and landscaping features.
- 4.7.5** Be landscaped and maintained by the owner of land on which such buffer strip is required.
- 4.7.6** Notwithstanding the above and subject to site plan approval, a solid fence, wall, or other landscaping feature of equivalent height may be considered in place of a continuous planting area. When considering such an alternative buffer, regard shall be given to the location, height, materials, finishing and porosity of the wall or fence, as well as the site's characteristics.
- 4.7.7** A buffer strip may be incorporated into a required side or rear yard but shall not be included in a sight triangle.

4.8 BUILDINGS OR STRUCTURES ERECTED PRIOR TO JANUARY 1, 1990

Where a building or structure was established prior to January 1, 1990, but does not meet the zone regulations applicable to said structure, excepting the use provisions, the said building or structure shall henceforth be deemed to comply with the zone regulations of this by-law. Enlargements, extensions, reconstructions, repairs or renovations to such buildings or structures shall be in accordance with Section 4.20.

4.9 COMMERCIAL KENNELS

Notwithstanding anything else in this by-law to the contrary, a commercial kennel as defined herein may be permitted upon any lands within the Agricultural Zone subject to compliance with the following regulations, which apply to all kennel buildings, structures and defined use areas including outdoor runs, pens or exercise yards.

- a) Minimum Lot Frontage: 120 m (393.7 feet)
- b) Minimum Lot Area: 6 ha (14.8 acres)
- c) Minimum Front Yard: 30 m (98.4 feet)
- d) Minimum Side Yard: 46 m (150.9 feet)

- e) Minimum Rear Yard: 46 m (150.9 feet)
- f) Minimum Separation Distances: 90 m (295.2 feet) from any residential, commercial, public or institutional building on an adjacent property or from the lot line of any other property containing a licensed kennel.
- g) Kennels lawfully existing or licensed as of June 5, 2000 shall henceforth be deemed to be legal non-complying with regard to regulations 4.9 a) through f).
- h) The provisions of Section 4.20 shall apply to enlargements, extensions, reconstructions or repairs to lawfully existing kennels.

4.10 DAY CARE CENTRE OR DAY NURSERY

Notwithstanding any other provision contained in this by-law, for all zones in which a Day Care Centre or Day Nursery is permitted the following shall apply:

4.10.1 Parking, driveway and aisleway areas shall be designed to accommodate traffic access to and from a day care centre in a forward motion only.

4.10.2 Where a day care centre is developed abutting any permitted residential use a solid, decorative 1.8 m (5.9 ft) high wood fence shall be erected along the lot line between the day care facility and residential use to reduce acoustic and visual impacts on the residential use.

4.11 DEVELOPMENT ON FULL SERVICES

4.11.1 Unless specifically provided for elsewhere in this by-law, no building shall be constructed within the corporate limits of the former Village of Elora or the former Town of Fergus unless serviced by municipal sewage collection facilities and municipal water supply, except that this provision shall not apply to any public use or utility which by its nature does not require such services.

4.11.2 On lands other than those described in Section 4.11.1, any new principal building or use must connect to municipal water services and/or municipal sanitary services if such services are provided in a road allowance or municipal service corridor that abuts such a lot.

4.12 ENVIRONMENTAL PROTECTION (EP) ZONE, MUNICIPAL DRAIN AND WATERCOURSE SETBACKS

4.12.1 No building, structure, or private sewage treatment system shall be constructed closer than 30.0 m (98.4 ft) from the limit of an EP zone without the prior written approval of the Grand River Conservation Authority.

4.12.2 Interpretation of the limits of the EP zone boundaries is governed by regulations contained in Section 2.7 of this By-law. The location of the 30.0 m (98.4 ft) EP “setback” boundaries shall be adjusted accordingly in the event that the EP “zone” boundary is re-interpreted.

4.12.3 No building, structure, or private sewage treatment system shall be constructed closer than 30 m (98.4 ft) from the edge of an opened municipal drain or 15 m (49.2 ft) from the edge of an enclosed municipal drain.

4.12.4 No building or structure shall be constructed closer than 15 m (49.2 ft) to the top of the bank of any other watercourse that is not situated within the Environmental Protection Zone, or is not a municipal drain.

4.12.5 Notwithstanding any of the above provisions, where an EP Overlay abuts an EP Zone, the setbacks set out above may be waived or reduced if the prior written approval of the GRCA is obtained or if the requirements of the EP overlay are fulfilled.

4.12.6 Two Zone Floodplain Regulations

In addition to the zone provisions, where land is denoted on Schedule “A” to this by-law with a suffix (F), and new development or redevelopment within the area denoted by the (F) suffix are also subject to the following regulations:

1. Development, redevelopment or a major addition/renovation for permitted residential uses shall be permitted in the flood fringe provided that the structure is floodproofed to the regulatory level and that:
 - a) the habitable floor space elevation of any new residential dwelling unit is located above the regulatory flood elevation;
 - b) no basements are allowed;
 - c) mechanical, electrical, air conditioning and heating equipment will be located above the regulatory flood level; and
 - d) safe access is provided.
2. Minor renovations/addition to existing residential buildings in the flood fringe shall be permitted provided any new habitable floor space is, where feasible, above the regulatory flood level, and in no case lower than the elevation of the existing ground floor level.
3. Conversion of an existing commercial building to a residential use in the flood fringe will be permitted provided the building is floodproofed to the regulatory flood level and that:
 - a) the habitable floor space elevation of any new residential use is located above the regulatory flood elevation;
 - b) mechanical, electrical, air conditioning and heating equipment will be located above the regulatory flood level;
 - c) safe access is provided.

4. Any commercial development or redevelopment of existing commercial structures shall be permitted provided that the building or structure is floodproofed to the regulatory flood level and that:
 - a) mechanical, electrical, air conditioning and heating equipment will be located above the regulatory flood level.
 - b) where practical, building openings will be located above the regulatory flood level. Where doorway elevations are permitted below the regulatory flood level, the openings will be floodproofed to the satisfaction of the Grand River Conservation Authority.
 - c) basements below the regulatory flood level shall not be converted to commercial space but may be used for storage.
5. A permit will be required from the Grand River Conservation Authority for all construction and placement or removal of fill occurring within the flood fringe, in addition to any other necessary permits or approvals such as a building permit or site plan approval.
6. Notwithstanding any uses permitted by the underlying Zone the following uses shall be prohibited in a C1 (F) Zone – Flood Fringe Area:
 - a) an institutional use such as hospitals, long-term care facilities, retirement homes, pre-schools, school nurseries, child care centres and schools;
 - b) an essential emergency service such as that provided by fire, police and ambulance stations and electrical substations;
 - c) enclosed parking structures;
 - d) uses associated with the disposal, manufacturing, treatment or storage of hazardous substances.

4.13 FRONTAGE ON PUBLIC STREET

Unless otherwise specified by this By-law, no person shall erect any building or structure and no person shall use any building or structure, lot or parcel unless the lot or parcel to be so used, or upon which the building is situated or erected or proposed to be erected:

- a) Abuts or fronts on a street which is assumed by by-law by a public authority for maintenance purposes; or,
- b) Is being constructed pursuant to a Subdivision Agreement with a public authority; or,
- c) Fronts on a year round maintained public street that was not established as a consequence of Registering a Plan of Subdivision; or,

- d) Is a private street within a Plan of condominium that either provides direct access to a public street or which connects with other private streets within a Plan of Condominium or other Plans of Condominium to access a public street or original road allowance.

For the purposes of this By-law, the front lot line of a lot separated from a public street by a reserve or a Block of land owned by a public authority shall be deemed to abut such a public street.

4.14 GARBAGE AND REFUSE STORAGE

No garbage, refuse or compost shall be stored on any lot in any zone, other than an Agricultural zone, except within the principal building or any accessory building or structure on such lot or in a container or composter in a side yard or rear yard of such lot.

- e) Every garbage, refuse and compost storage area required by this Bylaw, including any garbage loading or unloading area, which is visible from an adjoining site zoned Residential, Commercial, Environmental Protection, Institutional, or Open Space, or from a river or a public road, shall have a visual screen consisting of fencing at least 1.8 m (5.9 ft) in height.
- f) A dumpster, garbage container or composter shall be regulated in the same manner as an accessory building or structure in the zone in which it is located.
- g) A residential garbage container or composter in an R1 class or R2 class zone is exempt from the provisions of this Section.

4.15 GARDEN SUITES

Notwithstanding anything else in this by-law to the contrary, a garden suite may be located on a lot containing a single detached dwelling, subject to compliance with the following:

- a) A garden suite used for the purpose of providing farm help accommodation is not permitted on a lot with an area of less than 10 ha (24.7 ac).
- b) Driveway access shall be shared with the main dwelling. No new entrance from the street shall be created.
- c) A garden suite shall be sited in accordance with the applicable provisions for buildings accessory to a dwelling, except that a garden suite is not permitted in front of the main front wall of the principal residence.
- d) The maximum floor area of a garden suite shall be 186 m² (2,002 ft²).
- e) The maximum height of a garden suite shall be one storey and shall not exceed 4.5 m (14.8 ft)
- f) A garden suite shall be located no less than 3 m (9.8 ft) and no more than 15 m (49.2 ft) from the main residence on the lot, and not less than 3.0 m (9.8 ft) from

any building on an abutting property.

- g) Only one garden suite may be established for each existing single detached residential unit on a lot.
- h) All garden suites shall be provided with adequate water supply and an individual sewage disposal system.
- i) Garden suites shall be established only by Temporary Use By-laws passed under the provisions of Section 39 of the Planning Act and shall be subject to a development agreement with the Municipality.
- j) A garden suite that existed on December 31, 1998 and is subject to a development agreement that was in effect on December 31st, 1998 shall be permitted until May 1st, 2010, and shall be deemed to comply with this subsection.

4.16 GROUP HOMES

4.16.1 Permitted Group Homes

Group homes, as defined by this By-law and as specifically mentioned below, are considered appropriate residential uses and are permitted in any zone where a single detached dwelling is a permitted use.

- Approved Homes (psychiatric care)
- Homes for Special Care (psychiatric care)
- Supportive Housing Programs: Adult Community Mental Health Program
- Children's Residences (not including Young Offenders)
- Accommodation Services for the Developmentally Handicapped
- Satellite Residences for Seniors
- Support Service Living Units for Physically Handicapped Adults
- Halfway Houses for the Socially Disadvantaged, or
- Halfway Houses for Alcoholics.

4.16.2 Group Home Regulations

No land, building or structure shall be used and no building or structure shall be constructed, altered, enlarged or maintained for the purposes of a group home, unless in accordance with the regulations specified in that zone for the type of residential building in which the group home is to be established and in accordance with the following regulations:

- a) A group home shall be separated by a minimum linear distance of 300 m (984.3 ft.) from another group home. This distance shall be measured at the closest points on the property lines of the two lots;
- b) A group home shall provide a minimum of 1 parking space for every 2 beds or fraction thereof;

- c) A group home shall have a minimum gross floor area of 18 m² (193.8 ft²) for each resident 16 years of age or older, and 9 m² (96.9 ft²) for each resident who is less than 16 years of age. For the purposes of this section, a group home resident includes staff and/or receiving family.
- d) A group home shall provide a minimum common amenity area of 12 m² (129.1 ft²) for each resident. For the purposes of this section, a group home resident includes staff and/or receiving family; and
- e) Each group home shall be subject to all applicable Provincial and Municipal requirements.

4.16.3 Other Group Homes

Those group homes associated with provincial correctional facilities or federal penitentiaries, such as Halfway Houses for Ex-offenders or Community Resource Centres, are not permitted within any residential zone and may only be established by an amendment to this By-law.

4.17 HOME OCCUPATIONS

A home occupation is permitted within a dwelling unit by a permanent resident of said dwelling unit subject to the following requirements:

- a) Subject to compliance with all other Township by-laws, a home occupation is permitted in any zone where a residential dwelling unit is a permitted principal use. A home occupation is an accessory use and may be established only when the principal residential use has been established.
- b) Only two employees or assistants who are not a resident of the dwelling are permitted.
- c) The maximum gross floor area devoted to a home occupation use shall be 30% of the gross floor area of the dwelling.
- d) One visitors parking space and one employee parking space (where applicable) is required in addition to the required off street parking space for the dwelling unit. Tandem parking spaces shall be permitted for the required parking for a home occupation use.
- e) A home occupation may include the shipping or receiving of goods or materials by automobiles or delivery vans used by courier services, but shall not result in the parking or storage of commercial vehicles on adjacent streets, except temporary parking for pick-up and delivery.
- f) There shall be no machinery or mechanical equipment used on premises in connection with a home occupation except that which is customarily used for household or office purposes.
- g) No manufacturing activity involving the processing of raw or semi-processed material shall be carried out in conjunction with a home occupation except for

the fabrication of handmade goods or crafts associated with an artisan studio and the assembly of fully processed goods.

- h) A home occupation shall not in any way be offensive, obnoxious or dangerous to the neighbourhood or area by reason of light, heat, fumes, noise, vibration, gas, dust, smoke, fire, odour, air or water borne waste or pollution; or interference with radio or TV; or an increase in vehicular traffic due to frequency of deliveries by commercial carriers or patron parking.
- i) The retail sale of goods, wares or merchandise is limited to those produced on the premises, or items accessory to a permitted home occupation use. Retail sales shall not occupy more than 25% of the floor area associated with the home occupation.
- j) No external display or outdoor storage area of goods, materials or equipment or parking of commercial vehicles is permitted in conjunction with a home occupation.
- k) A home occupation must be clearly incidental and secondary to the main residential use. No exterior alterations to the dwelling unit shall be permitted which will change the residential character of the building or premises.
- l) Without limiting the generality of the above definition, a home occupation use may include the following: a personal service such as a barber, hairdresser, beautician, seamstress, dressmaker, tailor or photographer; a light repair service such as radio, television or appliance, but not including vehicle or equipment repair; an office for a trade such as a home builder or renovator; an office for a charitable organization; a workroom for a dressmaker or tailor, hair stylist or beautician, teacher of art, music, computer literacy or academic subject; a professional or occupation such as a doctor, lawyer, dentist, architect, planner, engineer, realtor, or insurance agent etc.; a craft such as pottery, weaving or needlework; an artisan studio. Notwithstanding the foregoing, a medical clinic or an adult entertainment establishment cannot be established as a home occupation.

4.18 HOME BUSINESS – TRADESPERSONS

A Home Business-Tradesperson is a specific permitted use in an Agricultural Zone. Where listed as a permitted use, Home Business - Tradesperson may be permitted within a single detached dwelling. A Home Business - Tradespersons includes individuals employed in the building trades, including bricklayers and stonemasons; carpenters and joiners; electricians; lathers; painters; decorators and paper-hangers; plasterers; plumbers and steamfitters; sheet metal workers; general contractors; flooring and carpet layers or home decorators or other similar trades which provide an installation service but does not include the wholesale or retail sale of construction materials or supplies, home improvement supplies or a personal service shop, contractors yard or retail store as defined herein, provided that:

- a) The Home Business – Tradespersons shall be clearly secondary to the principal use of the lot and/or building;

- b) The said dwelling is occupied as a residence by the tradesperson;
- c) There shall not be more than two assistants who are not a resident in the dwelling operating the business from the property;
- d) An accessory building to the residence may be used for the storage of equipment, vehicles and supplies, provided that not more than 100 m² (1,076 ft²) of floor area shall be devoted to such use.
- e) The amount of the dwelling's total floor area utilized by the home business for office space shall not exceed 30% of the dwelling's total floor area;
- f) There is no outdoor storage of goods or materials, including heavy equipment such as excavation machinery, or any vehicles not licensed for the road;
- g) Home Business – Trades Persons shall not include the retail sales of building or construction supplies nor automobile, small engine or machinery repair; and
- h) The home business shall not create or become a nuisance in regard to noise, odours, vibrations, traffic generated or parking.
- i) Nothing in these provisions shall apply to prohibit a tradesperson from operating an office in a residence in accordance with the provisions of Section 4.18 – Home Occupation.

4.19 LEGAL NON-COMPLYING BUILDINGS OR STRUCTURES

Where a building or structure was legally established prior to the date of passing of this By-law, and the use of such building or structure complies with the provisions of the zone in which such building or structure is located, but does not meet the zone provisions with respect to yards, lot area, frontage, parking, set back, or any other provisions of this By-law applicable to that zone, the said building or structure may be enlarged, extended, reconstructed, repaired or renovated provided that:

- a) The enlargement, extension, reconstruction, repair or renovation does not further reduce the compliance of that use, building or structure with the provisions of the By-law to which it does not comply; and,
- b) All other applicable provisions of this By-law are complied with.
- c) Where the acquisition of land by a public authority results in a reduction in lot regulations to a condition that is less than otherwise required, nothing in this by-law shall apply to prevent the continued use of the lot and such lot and any deficiency in respect of the lot regulations shall be deemed to be legal non-complying and the provisions of a) and b) shall apply.

4.20 LEGAL NON-COMPLYING LOTS

Where an existing lot has at least 6 m (19.8 feet) of frontage abutting a public street, but does not otherwise comply with the minimum lot area or minimum lot frontage requirements of this by-law, such lot may be used and a building or structure may be

constructed, altered or used on such an undersized lot provided all other requirements of this By-law are complied with.

The same provisions shall apply to a lot that has been reduced in area or frontage by the acquisition of land by an authority having power of expropriation.

4.21 LEGAL NON-CONFORMING USES

4.21.1 Nothing in this By-law shall apply to prevent the use of any land, building or structure for any purpose prohibited by this By-law if such land, building or structure was lawfully established and used for such purpose on the date of passing of this By-law, and provided that it continues to be used for that purpose.

4.21.2 Nothing in this By-law shall prevent the construction or use of any building or structure for a purpose prohibited by this By-law the plans for which have, prior to the date of passing of this By-law, been approved by the Chief Building Official, so long as the building or structure when erected is used and continues to be used for the purpose for which it was constructed and provided that such construction is commenced within six months after the date of passing of this By-law, and such building or structure is completed within a reasonable time after the construction is commenced.

4.21.3 Nothing in this By-law shall prevent the strengthening or restoration to a safe condition of a building or structure which is used for a use not conforming with this By-law, so long as the strengthening or restoration does not alter the height, size, shape or volume of the building or structure or change its use to other than a conforming one.

4.21.4 A non-conforming building fully or partially destroyed by fire, flood or other natural force may be restored and reconstructed on the same lot provided the yard depths existing at the time prior to the destruction are maintained or are not reduced to a depth lesser than required by this By-law.

4.22 MAXIMUM BUILDING HEIGHT

Unless otherwise stated by a specific zone provision, no buildings shall exceed four storeys or 15 m (49.2 ft) in height. Notwithstanding the above, the height regulations of this By-law shall not apply to any air conditioning duct, barn, silo, grain handling equipment, ornamental dome, chimney, communications tower, cupola, steeple, church spire, water storage tank, elevator enclosure, flag pole, skylight, solar collector, clock towers, ventilators, antennae, radio, television or satellite receiving or transmitting equipment, or any accessory mechanical appurtenances. Such features, however, shall be erected only to such height as is necessary to accomplish the purpose they are to serve. Maximum height limits may be established for Wind Energy Systems and Wind Testing Towers elsewhere in this by-law.

4.23 MINIMUM DISTANCE SEPARATION - MDS I AND II

4.23.1 MDS I - NEW NON-FARM USES

Notwithstanding any other yard or setback provisions of this By-law to the

contrary, no residential, institutional, commercial, industrial or recreational use, located on a separate lot and permitted within a zone, shall be erected or altered unless it complies with the Minimum Distance Separation (MDS I) setback from a livestock facility, calculated using the Formulas published by the Ontario Ministry of Agricultural, Food and Rural Affairs (OMAFRA), as may be amended from time to time.

4.23.2 MDS II - NEW OR EXPANDING LIVESTOCK FACILITIES

Notwithstanding any other yard or setback provisions of this By-law to the contrary, no livestock facility shall be erected or expanded unless it complies with the Minimum Distance Separation (MDS II) setback, calculated using the Formulas published by the Ontario Ministry of Agricultural, Food and Rural Affairs (OMAFRA), as may be amended from time to time. Notwithstanding the above, an existing manure storage system which does not meet the MDS II requirements, may be replaced by a more compatible system which results in a reduction in the separation distance required, provided the livestock housing capacity is not increased.

4.24 OCCASIONAL USE

Notwithstanding anything else in this by-law, an occasional use as defined herein is a permitted use in any zone, subject to the following:

4.24.1 Every occasional use shall only occur for a maximum duration of 28 days in any single year.

4.24.2 No occasional use shall be offensive to any area resident by way of the emission of light, heat, fumes, noise, vibration, gas, dust, odour or pollution of any kind.

4.24.3 A maximum of 3 garage sales are permitted to be conducted on any given property in any 1 calendar year and each separate sale shall be limited to a maximum duration of 2 consecutive days.

4.25 ONE MAIN BUILDING PER LOT

No more than one main building shall be constructed on a lot except for the following:

4.25.1 Permitted buildings within an agricultural, commercial, institutional, recreational/open space or industrial zone; and,

4.25.2 A cluster of residential buildings located within a multiple residential zone.

4.26 ONE OR MORE PERMITTED USES PER LOT

Where one or more uses are permitted in any zone, land may be used and buildings may be constructed and used thereon for one or more uses so permitted, provided the requirements of this By-law are satisfied for each such use.

4.27 OUTDOOR SALES AND DISPLAY AREAS

Unless otherwise provided in this By-law, in any zone where an outdoor display area is permitted, such area shall:

- 4.27.1 Not comprise more than 35% of the total lot area.
- 4.27.2 Not obstruct or occupy any required parking area.
- 4.27.3 Be constructed of a stable surface and treated to prevent erosion and the escape of dust and loose particles. Surface cover may consist of asphalt, approved granular material, paving brick, concrete or similar hard-surfaced material.
- 4.27.4 Be graded and drained so as to prevent the pooling of surface water on them or the flow of surface water onto adjacent lots.
- 4.27.5 Contain a minimum 1.5 m (4.9 ft) landscaped area between the outdoor display area and any road other than areas used for access to the property.

4.28 OUTDOOR STORAGE AREAS

Unless otherwise provided in this By-law, in any zone where an outdoor storage area is permitted, such outdoor storage area shall not be located in a required front yard and if located in front of the front wall of the main building shall be screened from the street by a Buffer Strip in accordance with the provisions of this By-law.

4.29 OUTDOOR SWIMMING POOLS

Nothing in this By-law shall apply to prevent the use of land or the erection, location or use of a building or structure for the purposes of an outdoor swimming pool as a use accessory to a permitted use on the same lot. An outdoor swimming pool shall be located or erected in accordance with the following:

- 4.29.1 No outdoor swimming pool shall be located in any part of a required front or exterior side yard;
- 4.29.2 An outdoor in-ground swimming pool with related structures or equipment of less than 0.15 m (0.5 ft) in height above finished grade, shall not be located within 0.6 m (2 ft) of any lot line;
- 4.29.3 An outdoor above-ground swimming pool or an outdoor in-ground swimming pool with related structures or equipment of greater height than 0.15 m (0.5 ft) above finished grade, shall not be located within 1.2 m (4 ft) of any lot line; and
- 4.29.4 Despite section 4.30.3, the maximum outdoor swimming pool height is 2 m (6.6 ft) above finished grade, excluding related structures and equipment which shall not exceed 3.6 m (11.8 ft) above finished grade
- 4.29.5 Any accessory buildings used in conjunction with an outdoor swimming pool such as a change rooms, a cabana, a mechanical building, or a sauna shall comply with Section 4.2 Accessory Buildings or Structures.

4.30 RENEWABLE ENERGY DEVICES

The following provisions shall apply to sources of renewable energy devices:

4.30.1 Provisions Applicable to All Renewable Energy Sources

- 4.30.1.1 The production of renewable energy and any device used to produce the energy comply with all municipal, provincial and federal, bylaws, statutes and regulations
- 4.30.1.2 The distribution of renewable energy using wires or pipes shall be permitted uses in all zones, provided the energy source complies with this by-law and the distribution of the energy produced complies with all municipal, provincial and federal, by-laws, statutes and regulations.

4.30.2 Solar Energy Devices (This section has been superseded by O. Reg. 359/09 made under the *Environmental Protection Act*)

The production of renewable energy from a solar energy device shall be a permitted use in all zones, provided that:

- 4.30.2.1 The solar energy device is located on a lot that also contains a main or principal use that is permitted on the lot by the provisions of this bylaw, and the solar energy device is primarily used to generate heat or power for on-site use and not for commercial generation or distribution.
- 4.30.2.2 Where a solar energy device is located on a building, such device shall comply with the provisions applicable to the building on which it is located.
- 4.30.2.3 In a Residential or Agricultural Zone, where a solar energy device is not located on a building, such device shall be subject to the applicable zoning requirements governing an accessory building or structure on the lot.
- 4.30.2.4 In a Zone other than a Residential or Agricultural Zone, a solar energy device that is not located on a building shall only be located in accordance with the requirements applying to a main building in such Zone.

4.30.3 Geothermal Energy Devices

Geothermal energy devices shall be a permitted use in all zones, provided that:

- 4.30.3.1 The geothermal energy device is located on a lot that also contains a main or principal use that is permitted on the lot by the provisions of this bylaw.
- 4.30.3.2 Any above-ground part of any geothermal energy device shall be subject to the applicable zoning requirements governing an accessory building or structure on the lot.

4.30.4 Anaerobic Digestion System (Biogas) (This section has been superseded by O. Reg. 359/09 made under the *Environmental Protection Act*)

The production of renewable energy from an anaerobic digestion (AD) system shall be a permitted use on a farm with an area of 10 ha or more in an Agricultural Zone, provided that:

- 4.30.4.1 The system runs on agricultural or non-agricultural feedstocks, and the energy output of the system is used to run the farm operation; or the AD system treats the farm's own by-products such as manure, bedding straw, waste feed, grain cleanings and horticultural by-products.
- 4.30.4.2 All parts of an AD system must comply with the zoning provisions applicable to agricultural buildings or structures on the lot;
- 4.30.4.3 The AD system must comply with applicable MDS requirements.
- 4.30.4.4 The AD system must occupy an area of no greater than 1 ha.

4.30.5 Wind Energy Systems (This section has been superseded by O. Reg. 359/09 made under the *Environmental Protection Act*)

The production of renewable energy from a Wind Energy System shall be governed by Sections 4.42, 4.43 and 4.44 of this By-law.

4.31 RESIDENTIAL SETBACKS FROM A SEWAGE TREATMENT PLANT

No new residential dwellings shall be constructed within 100 m (328 ft) of any sewage treatment plant.

4.32 RESTAURANT OUTDOOR PATIOS

Despite any other provisions of this By-law, the following shall apply to an Outdoor Patio of a Restaurant or Tavern:

4.32.1 Capacity

No outdoor patio shall accommodate more than 50% of the licensed capacity of the restaurant or tavern with which the patio is associated, or 70 persons, whichever is lesser.

4.32.2 Location

- a) No outdoor patio shall be permitted where more than 1 lot line adjoins lands which are in a residential zone.
- b) Despite Section 4.33.2.a), except in the C1 Zone, where only the rear lot line adjoins a residential zone, an outdoor patio shall be permitted in the front yard or exterior side yard provided it is a minimum of 3 m (9.8 ft) away from the street.

- c) Despite Section 4.33.2.a), except in the C1 zone, where only the side lot line adjoins a residential zone, an outdoor patio shall be permitted if it is located in the side yard or exterior side yard which is not adjacent to a residential zone.
- d) No outdoor patio shall be located above the first storey floor elevation of the main building where the outdoor patio adjoins a residential zone unless the outdoor patio is a distance of at least 30 m (98.4 ft) or more away from the boundary of the residential zone.
- e) Every outdoor patio shall be located a minimum of 3 m (9.8 ft) away from any loading space, parking space, parking aisle or driveway.
- f) Where permitted, outdoor patios shall be permitted within the building envelope of the development on the site.

4.32.3 Boundary Definition

The limits of every Restaurant Outdoor Patio shall be defined by a wall or fence with a minimum height of 0.8 m (2.6 ft) above the patio floor.

4.33 SALES OUTLET FOR AGRICULTURAL PRODUCTS

Within those zones where a sales outlet for agricultural products is permitted, such use shall be in accordance with the provisions for such zones, except as otherwise required below:

- a) The sales outlet is clearly secondary to the primary use of the property;
- b) The goods being offered for sale must have been produced on the same property, or on another property or properties within the owner's holdings;
- c) The floor area devoted to the sale of agricultural products shall not exceed 50 m² (538 ft²);
- d) A sales outlet with a gross floor area of 25 m² (269 ft²) or less, and that is designed and constructed to be temporary or movable is permitted to have a front yard setback or exterior side yard setback of at least 7.5 m (24.9 ft), and a side yard setback of at least 6 m (19.7 ft). Permanent produce stands shall meet the applicable yard setback requirements for the zone.
- e) One off-street parking space shall be provided for every 25 m² (269 ft²) of gross floor area or part thereof.

4.34 SETBACK WHERE DETERMINED BY PRIOR CONSTRUCTION

Notwithstanding anything else in this By-law, in any zone, a new structure or an addition to an existing structure may be erected with a setback that is less than that otherwise required by this by-law, subject to the following:

- a) If the average setback of existing principal buildings on the same block face is less than that otherwise required by this by-law, then a new building or an addition to an existing building may be erected with a setback that is equal to

the average setback of existing buildings on the same block face, provided the setback shall not be less than 3 m (9.8 ft) from any street line and the minimum setback to the front face of a garage shall be at least 6 m (19.7 ft)

- b) Where a block face cannot readily be determined, if the smallest setback of the nearest adjacent existing principal buildings on the same side of the street that are no more than 120 m (393.7 ft) apart is less than that otherwise required by this by-law, then a new building or an addition to an existing building may be erected with a setback that is equal to the lowest setback of the adjacent buildings, provided the setback shall not be less than 3.0 m (9.8 ft) from the front lot line and the setback to the front face of a garage is 6.0 m (19.7 ft) from the front lot line.

4.35 SIGHT TRIANGLE

On every corner lot, except within the C1 zone, a sight triangle shall be observed, in accordance with the following:

4.35.1 The sight triangle is determined by measuring the following distances in each direction from the intersection of the front and exterior side lot lines and connecting these points to form a triangle:

- a) 9.0 m (29.5 ft) along an arterial or collector road;
- b) 7.5 m (24.6 ft) along a local street.

4.35.2 No obstruction to sightlines shall be permitted within the sight triangle, including the erection of any building or structure, the planting of any trees or shrubs, or the placement of any other object with an ultimate height greater than 1.0 metre above the top of the road surface of the abutting street.

4.35.3 Where a corner site triangle has been or will be conveyed to the Township, the sight triangle is deemed not to exist for the purposes of determining the minimum lot frontage, lot depth or lot area.

4.35.4 Where a corner site triangle has been or will be conveyed to the Township in the creation of a new lot, the sight triangle is considered part of the lot for the purposes of determining the minimum setbacks from a front lot line or an exterior side lot line, except that no building or structure can be erected within the sight triangle. The hypotenuse of the corner site triangle is not considered to be a front lot line or an exterior side lot line for the purposes of determining minimum setbacks for buildings or structures.

4.36 STREET SETBACK ADDITIONS

Where the regulations of a Zone include a requirement that the minimum yard of a lot or parcel of land shall be a specific number of metres *“plus any applicable distance as specified in Section 4.37”*, such applicable distance shall be either:

- a) 18 m (59.0 ft) for Provincial Highways, or
- b) 15 m (49.2 ft) for Wellington County Roads, or
- c) 10 m (32.8 ft) for all Township of Centre Wellington Roads

and this applicable distance shall be measured at right angles to the centreline of the street allowance abutting such yard and commencing from the centreline in the direction of the applicable yard or such lot or parcel of land.

4.37 TEMPORARY CONSTRUCTION-RELATED USES

Temporary uses are permitted in association with a construction or development project in accordance with the following:

4.37.1 Temporary Sales/Customer Service Offices

4.37.1.1 A temporary building or trailer for conducting sales of new dwelling units is permitted in any Zone provided the sales building or trailer is located within a development site. The sales building or trailer shall be setback 30 metres from the lot line of any existing residential use abutting the development site and parking areas associated with the sales building or trailer shall be setback 6 m from any existing residential use abutting the development site.

4.37.1.2 Notwithstanding anything else in this by-law to the contrary, parking areas for temporary sales and customer service offices may have a granular surface.

4.37.2 Temporary Construction Office

4.37.2.1 A temporary construction camp and/or office, tool shed, scaffold or other such building or such temporary facility which is incidental to construction and provided it is located on the site where such work is underway and provided that it shall be removed from the site within 60 days of completing or terminating the work.

4.37.2.2 Notwithstanding anything else in this by-law to the contrary, parking areas for temporary construction offices may have a granular surface.

4.37.3 Temporary Residence During Construction

4.37.3.1 A mobile home may be located and used as a temporary residence in an Agricultural A Zone for a period of time not to exceed 12 months during the construction of a new single detached dwelling on the same lot, provided all requirements of the Chief Building Official are satisfied, including the provision of adequate sewage disposal and water supply, and the posting of sufficient securities to ensure the removal of the temporary dwelling.

4.37.3.2 Where a new single detached dwelling is being constructed to replace an existing single detached dwelling on the same lot in an Agricultural A Zone, the existing dwelling may continue to be used during the construction of the new residence for a period not to exceed 60 days after the new dwelling is occupied, provided all requirements of the Chief Building Official are satisfied, including

the provision of adequate sewage disposal and water supply, and the posting of sufficient securities to ensure the removal of the temporary dwelling.

4.38 USES PERMITTED IN ALL ZONES

Nothing in this By-Law shall apply to prevent or otherwise restrict in any way any of the following:

4.38.1 The use of land for a street or a public highway, including any installations, structures appurtenant thereto, or as a site for a public memorial or ornamental structure including, but not so as to limit the generality of the foregoing, a statue, a monument, a cenotaph or a fountain.

4.38.2 The installation or maintenance of a water-main, well, sanitary sewer main, storm sewer main, pumping station, gas main, pipeline, storm water management facility, lighting fixture, overhead or underground electrical services, cable television, telegraph or telephone line or associated tower or transformer, together with any installations or structures appurtenant thereto.

4.38.3 Private home day care wherever a residence is permitted.

4.38.4 Trail corridors established by a public authority shall be permitted in any zone and may include parking, shelters, signage, hard surface pathways and lighting.

4.38.5 Parking areas

4.38.6 A parking lot operated by a public authority.

4.38.7 A public park.

4.39 USES RESTRICTED IN ALL ZONES

The following uses are not permitted within the Township of Centre Wellington, either alone or in conjunction with other uses, unless such use is specifically permitted by the provisions of a particular zoning designation within this By-law:

- a) an abattoir, stockyard, livestock exchange, or dead stock depot;
- b) an adult entertainment establishment;
- c) an amusement arcade;
- d) a track or course for the racing and/or testing of automobiles, motorcycles, dirt bikes, snowmobiles or any other motorized vehicles;
- e) a disposal site for wastes;

- f) a wrecking or salvage yard;
- g) a food and/or meat processing plant;
- h) a trailer, motor home or other recreational vehicle used for human habitation other than for temporary accommodation in a permitted trailer park or campground;
- i) the locating or storing on any land for any purpose whatsoever any disused railroad car, street car body, truck body, shipping container, or a trailer without wheels, whether or not the same is situated on a foundation;
- j) the establishment of pits and quarries, asphalt plants or concrete plants;
- k) the boiling of blood, tripe, bones or soaps for commercial purposes;
- l) the extracting of oil from fish;
- m) the tanning or storage of uncured hides or skins;
- n) the manufacturing of glue or fertilizers from dead animals or from human or animal waste;
- o) the refining, storage or use in manufacturing of coal oil, rock oil, fuel, oil, natural gas, propane, burning fluids, naphtha, benzol, benzine, gasoline, dynamite, nitro-glycerine, gun powder, petroleum or any other combustible, inflammable, volatile or otherwise dangerous liquids, gasses or solid materials except where specifically permitted hereby or in conjunction with a permitted industrial use and unless such substances are protected by adequate fire fighting and fire prevention equipment and by such safety devices as are generally employed in the handling of such substances and provided that such substances are kept removed from adjacent uses to a distance which is compatible with the potential danger involved, except that this provision shall not apply to prevent the above ground storage of such substances by a farmer, where such storage is incidental and accessory to an agricultural use, or the use of natural gas, propane or fuel oil for domestic purposes, such as heating and cooking, in conjunction with a residential use;
- p) any use which causes the emission of corrosive gasses, toxic gasses or radioactive gasses or, electromagnetic fields, heat, glare, non agricultural odours, noise, vibrations, dust, dirt, or smoke which does not comply with emission regulations as may be established by the Province of Ontario, the Government of Canada, or any agencies thereof.

4.40 SOURCE PROTECTION SCREENING AREAS

Within the Source Protection Screening Areas Overlay shown on Schedule “B”, any use that is, or would be, a significant drinking water threat is required to conform with all applicable Grand River Source Protection Plan policies and, as such, may be prohibited, restricted, or otherwise regulated by that Source Protection Plan.

4.41 WIND ENERGY SYSTEM, LARGE (This section has been superseded by O. Reg. 359/09 made under the *Environmental Protection Act*)

All large wind energy system developments in the Township of Centre Wellington require their own amendments to this by-law to permit and regulate their use. A separate zoning amendment shall be required for each, individual property being placed into an Agriculture - Wind (AW) Zone. Where a zoning by-law amendment is approved to permit a Large Wind Energy System development, the zone will have the "Holding" symbol "H" affixed to it until Council is satisfied that all associated processes, protocols and agreements deemed necessary are in place. All wind farms are subject to site plan control.

All new uses established in proximity to large wind energy systems shall comply with the separation distances set out in Section 6.2.2 of this by-law.

4.42 WIND ENERGY SYSTEM, MICRO (This section has been superseded by O. Reg. 359/09 made under the *Environmental Protection Act*)

Where a zone permits a micro wind energy system, the following regulations shall apply:

Minimum Wind Turbine Setback from a Lot Line	<ul style="list-style-type: none"> a) No turbine base shall be closer to the lot line of an abutting property or an open road allowance than the Wind Turbine Height. b) No guy or anchor shall be located within 3 m (9.8 ft) of the lot line of an abutting property.
Maximum Wind Turbine Height	20 m (65.6 ft)
Signs/Advertising/Logos	Advertising, signs or logos other than the manufacturer's nameplate are prohibited.

4.43 WIND ENERGY SYSTEM, SMALL (This section has been superseded by O. Reg. 359/09 made under the *Environmental Protection Act*)

Where a zone permits a small wind energy system, the following regulations shall apply:

Minimum Wind Turbine Setback from a Lot Line	<ul style="list-style-type: none"> a) No turbine base shall be closer to the lot line of an abutting property or an open road allowance than 1.1 times the Wind Turbine Height. b) No guy or anchor shall be located within 3 m (9.8 ft) of the lot line of an abutting property. c) Notwithstanding the foregoing, if two abutting farms agree in writing to share a wind turbine, the minimum setbacks from lot lines do not apply.
--	--

Maximum Wind Turbine Height	70 m
Signs/Advertising/Logos	Advertising, signs or logos other than the manufacturer's nameplate are prohibited.
Minimum Wind Turbine Setback from a Sensitive Land Use on Another Non-Participatory Property	200 m

4.44 YARD PROJECTIONS

Required Yards shall not be obstructed in any manner whatsoever, except in accordance with Table 4C. Section 4.36 Sight Triangle prevails in the event of a conflict with Section 4.45.

TABLE 4C PERMITTED YARD PROJECTIONS			
Type Of Structure	Required Yard	Maximum Projection Into Required Yard	Minimum Setback from Lot Line

5.0 PARKING AND LOADING SPACE PROVISIONS

5.1 STACKING LANES - DRIVE THROUGH SERVICE FACILITIES

Where drive through service facilities are permitted, stacking lanes are required and shall be exclusive of any other parking space and aisle requirements contained within this By-law, and shall be provided in accordance with the following provisions:

5.1.1 The minimum stacking space requirements within a designated queuing lane shall be as follows:

Type of Drive Through	Minimum Required Ingress Spaces	Minimum Required Egress Spaces
Financial Institution or Automated Teller	3	1
Drive-Through Restaurant	10	2

All Other Drive Through Service Facilities	3	1

a) Ingress spaces shall be located before the first point of contact.
b) Egress spaces shall be located between the ingress space and the final point of contact.
c) The stacking lane associated with the drive through service use shall be the total number of required ingress spaces and egress spaces.

5.1.2 Where multiple stacking lanes are required on a lot, the stacking space requirements shall be provided for each individual stacking lane in compliance with the provisions of this section.

5.1.3 All stacking spaces shall be rectangular in shape, with a minimum length of 6.0 metres (19.7 ft) and a width of 3.0 m (9.8 ft).

5.1.4 Stacking lanes and all order boxes using voice communication to order shall be located no closer than 15 m (49.2 ft) from any street line. Notwithstanding the foregoing, no part of any drive-through service facility, including a kiosk, order box, stacking lane, or menu board shall be located within 30 m (98.4 ft) of the limits of a Residential zone.

5.1.5 Stacking lanes shall be unobstructed and shall be clearly delineated by pavement markings or physical barriers, and shall be independent of the balance of the parking area.

5.2 LOADING SPACES

Any lot, building or structure used or erected for any purpose involving the receiving, shipping, loading or unloading of goods, wares, merchandise or raw materials, other than on a farm, shall on the same lot provide facilities comprising one or more loading spaces in accordance with the following regulations:

- 5.2.1 A loading space shall be 15 m (49.2 ft) long, 3.6 m (11.8 ft) wide and have a minimum vertical clearance of 4.3 m (14.1 ft).
- 5.2.2 All loading spaces shall be so arranged as to avoid interference with the movement of traffic on public streets. No loading spaces shall occupy any required front or required exterior side yard, nor be situated upon any street, lane or required parking space.
- 5.2.3 All loading spaces and driveways providing access thereto, shall be constructed of a stable surface and treated to prevent erosion and the escape of dust and loose particles. Surface cover may consist of asphalt, approved granular material, paving brick, concrete or similar hard-surfaced materials.
- 5.2.4 All loading spaces and driveways, shall be graded and drained so as to prevent the pooling of surface water on them or the flow of surface water onto adjacent lots.
- 5.2.5 Each loading space shall be provided with one or more unobstructed driveways of not less than 3.6 metres (11.8 ft.) in width. Such driveway shall be contained within the lot on which the spaces are located and are accessible from a street or lane. No part of such driveway shall be used for the parking or temporary storage of vehicles.
- 5.2.6 Loading spaces shall be provided in accordance with the following table:

Gross Floor Area of Building or Structure	Minimum Number of Loading Spaces Required
Less than 464.5 m ² (5,000 ft ²)	0 space
464.5 m ² (5,000 ft ²) to 929.0 m ² (10,000 ft ²)	1 space
Each additional 929.0 m ² (10,000 ft ²) or portion thereof	1 additional space

- 5.2.7 Notwithstanding the loading space regulations herein, any use, building or structure that was lawfully established prior to the passing of this By-law, shall not be subject to the above provisions so long as the floor area as existed at such date is not increased. Any subsequent alteration to the building or structure, which increases the floor area, shall necessitate the number of loading spaces that is required for such addition or change in use.

5.2.8 Unless otherwise provided in this By-law, the Loading Regulations of this Section do not apply to land within a C1 Zone.

5.3 RESIDENTIAL PARKING

No land shall be used and no building or structure shall be used or erected in any Residential Zone unless off-street parking is provided and maintained in accordance with the following regulations. Unless otherwise specified in this by-law, every off-street parking area shall be located on the same lot as the use requiring the parking.

5.3.1 Residential Zone Parking

Despite any yard provisions of this By-law to the contrary, on a lot zoned Residential, a parking area shall be permitted in accordance with the following:

- 5.3.1.1 For any single detached, semi-detached, or freehold street townhouse dwelling, every parking space shall be located a minimum distance of 6 m (19.7 ft) from the street line and to the rear of the front wall of the main building or structure. A driveway leading directly from the street to a required parking space may be used for the temporary parking of motor vehicles.
- 5.3.1.2 For any other type of dwelling, every parking space shall be located in the side or rear yard provided that no parking space is located within 3 m (9.8 ft) of any lot line.
- 5.3.1.3 Only visitor parking may be located in the front yard or exterior side yard provided it is to the rear of the required front or exterior side yard.
- 5.3.1.4 The minimum parking space dimensions for parking spaces for single detached, semi-detached, duplex dwellings or home occupations, group homes, bed and breakfast establishments, accessory apartments and on-street townhouses are 3 m (9.8 ft) by 6 m (19.7 ft) and every driveway associated with such parking spaces shall have a minimum width for access to a street or lane of 3 m (9.8 ft).
- 5.3.1.5 The minimum interior dimensions of an attached or detached garage shall be 3 m (9.8 ft) by 6 m (19.7 ft).
- 5.3.1.6 All off-street parking in the front yard and exterior side yard shall be confined to the driveway area and any recognized legal off-street parking area.
- 5.3.1.7 Where an off-street parking space does not exist and where such space cannot be provided to the rear of the front wall of the main building of an existing single-detached dwelling, 1 off-street parking space may be wholly or partially located within the required front yard provided such parking space is at least 1.5 m (4.9 ft) from a side lot line.

- 5.3.1.8 No motor vehicle, excluding an automobile, a recreational vehicle or a school bus, shall be parked in a Residential Zone when such vehicle exceeds a gross vehicle weight of 4,500 kg (9,920 lbs), and has a height measured from the ground to the highest part of the driver's cab or the delivery body in excess of 3.2 m (10.5 ft), or a length measured from bumper to bumper in excess of 9.14 m (30 ft).
- 5.3.1.9 The provisions of section 5.4 shall apply to any residential parking area that is required by this by-law to provide 4 or more off-street parking spaces.
- 5.3.1.10 No person shall provide outside storage for any motor vehicle which is unlicensed and inoperable.

5.3.2 Parking of Recreational or Utility Vehicles in A Residential Zone

No person shall, within any Residential Zone, use any lot for the parking or storage of a motor home, boat, travel trailer, tent trailer, snowmobile, all-terrain vehicle, unmounted truck camper, or accessory trailer except in accordance with the following:

- 5.3.2.1 The owner or occupant of any lot or building shall not store or park more than three of the vehicles listed above.
- 5.3.2.2 The storing or parking of vehicles listed in 5.3.2 shall only be permitted in a carport or driveway, but not in a required front yard.
- 5.3.2.3 Notwithstanding the provisions of 5.3.2.1, the limitations imposed therein shall not restrict the number of vehicles that are fully enclosed within a garage or accessory building provided that such vehicles are owned by the occupant of such lot.

5.4 NON-RESIDENTIAL USE OR ZONE PARKING

- 5.4.1 Parking areas may be located within any yard provided that no part of a parking space is located closer than 3 m (9.8 ft) to any street line, or closer than 1.5 m (4.9 ft) to any other lot line.
- 5.4.2 Every off-street parking area shall be provided with adequate means of ingress and egress to and from a street or lane and shall not interfere with the normal public use of a street. Parking areas shall provide for ingress and egress of vehicles to and from a street in a forward motion only.
- 5.4.3 The surface of every parking area, parking space and driveway shall be constructed of a stable surface and treated to prevent erosion and the escape of dust and loose particles. Surface cover shall consist of asphalt, approved granular material, paving brick, concrete or other similar hard surface material.

{Note(does not form part of by-law): The Township may adopt development standards to be imposed during subdivision or site plan approval that require all or part of a parking area to be hard surfaced}.

- 5.4.4 Every above-ground structure containing a parking area shall conform to the provisions applying to a main building for the Zone where such structure is located.
- 5.4.5 Nothing in this by-law shall prevent the location of an underground parking area in any part of a required side yard or rear yard on a lot provided such underground parking area is not within 1.5 m (4.9 ft) of a lot line.

5.5 OFF-STREET PARKING CALCULATION

- 5.5.1 Except as provided for in Section 5.3.1.5, parking spaces shall not be less than 2.75 m (9 ft) in width nor less than 5.5 m (18 ft) in length and the number of required parking spaces shall be determined in accordance with the following table:

5.5.2 Parking For More Than One Use in a Building

Where a building or structure accommodates more than one type of use, the parking space requirements for the whole building shall be the sum of the requirements of the separate parts of the building so occupied.

5.5.3 Calculation of Parking Regulations

- a) Where a part of a parking space is required in accordance with this By-Law for a use listed above, such part shall be considered one parking space for the purpose of calculating the total parking requirements for the said use.
- b) In addition, where the number of parking spaces required in accordance with this By-law is based upon the capacity of a building or structure, such capacity shall be deemed to be the same as the maximum capacity for such building or structure permitted by the Building Code Act, the Fire Code, or where applicable, the Liquor Licensing Act, whichever capacity is the lesser.

5.5.4 Additions To Buildings

- 5.5.4.1 The parking and loading space requirements of this By-law shall not apply to any building in existence at the date of passing of this By-law so long as the floor area, as it existed at such date, is not increased and the use of the building or structure remains the same as on the date of passing, or if a change of use is to a use that requires the same or fewer parking spaces.
- 5.5.4.2 If an addition is made to the building that increases the floor area, additional parking and loading spaces shall be provided for the additional floor area as required by the regulations of this By-law.

5.5.5 Special Parking Requirements for the C1 Zone

When calculating the parking requirement for development within any CENTRAL BUSINESS DISTRICT COMMERCIAL (C1) ZONE, the parking requirement shall be 0.5 times the number of parking spaces determined by Table 5A. The required parking spaces for any use within the C1 zone may be located on another lot within 300 metres (984.3 ft) of the lot on which parking would be required for a use, provided such lot is held in the same ownership as the lot for which off-street parking is required and such lot is also in a Central Business District.

5.6 BARRIER FREE PARKING

Where the parking requirement for any use is 4 or more spaces, barrier free parking spaces shall be provided in accordance with the following:

- a) Each space shall have a minimum width of 4 m (13ft) and minimum length of 5.5 m (18 ft);
- b) Each space shall be hard-surfaced and level;
- c) Each space shall be located near and accessible to an entrance; and,
- d) Each space shall be appropriately identified for its intended use by persons with limited mobility or other disabilities
- e) The number of barrier free spaces shall be determined in accordance with the following:

Number of Parking Spaces Required	Number of Spaces that Must Be Barrier Free Spaces
4-25	1
26-50	3
51-75	4
76-100	6
101-150	8
151-200	10
201-300	13
301-400	15
401-500	17
501-1000	20
Greater than 1000	2% of total

{Note (does not form part of by-law): The Township may adopt development standards for accessibility to be imposed during site plan approval that exceed the minimum zoning requirements}.

| e) Maximum Building Height | 3 storeys but not greater than 11.0 m (36 feet) |

9.2 Environmental Protection (EP) Zone

Within any EP ZONE, no land shall be used and no building or structure shall be constructed, altered or used except in accordance with the following regulations.

9.2.1 Permitted Uses

- a) Agricultural uses excluding new buildings and structures and new hobby barns on a lot that also contains land zoned Agricultural (A)
- b) Conservation and Resource Management
- c) Forest Management
- d) Fish and Wildlife Management
- e) Flood or erosion control facilities
- f) Passive Recreation
- g) Uses, buildings and structures existing on the date of passing of this by-law
- h) Uses, buildings and structures accessory to the foregoing with the prior written approval of the Grand River Conservation Authority where applicable

9.2.2 Building Regulations

- 9.2.2.1 No alteration or disturbance to watercourses or to municipal drains associated with open watercourses will be permitted without the prior written approval of the Conservation Authority having jurisdiction in the area.
- 9.2.2.2 Maintenance of existing driveways within the EP zone shall be permitted. New driveways and improvements will require prior written approval from the Conservation Authority having jurisdiction in the area.
- 9.2.2.3 Non-habitable buildings and structures accessory to a Conservation, Passive Recreation or Park use shall meet front, rear and side yard requirements of the Open Space Zone.
- 9.2.2.4 Interpretation of the limits of EP zone boundaries shall be governed by Section 2.7.3
- 9.2.2.5 Requirements for setbacks from municipal drains, watercourses, and the EP zone are set out in Section 4.12

9.2.3 Environmental Protection Overlay (EP Overlay)

- 9.2.3.1 In addition to the Environmental Protection Zone, the zoning maps comprising Schedule “A” also identify certain lands as an Environmental Protection Overlay. This is not a separate zone, but an overlay that represents natural heritage features included in the “Greenlands” designation of the County or Township Official Plans, as well as lands to which Grand River Conservation Authority Regulation 150/06 applies (and such lands have been mapped by the GRCA). The Environmental Protection Overlay (EP Overlay) permits development of the lands within the EP Overlay, subject to satisfying the requirements of section 9.2.3.2.
- 9.2.3.2 Where the Environmental Protection overlay exists on a lot, the permitted uses and regulations of the underlying zone shall apply. In addition to these provisions, the following special provisions shall apply to proposed development on lands within the Environmental Protection Overlay.

If the identified feature is part of a fish, wildlife or plant habitat...	Development will not be allowed in significant wildlife or plant habitat unless it has been demonstrated to the satisfaction of the Township that there will be no negative impacts on the habitat or its ecological functions and, in the case of fish habitat, in accordance with provincial and federal requirements.
If the identified feature is part of an Area of Natural and Scientific Interest (ANSI)...	Development will not be allowed in ANSI's unless it has been demonstrated to the satisfaction of the Township that there will be no negative impact on the feature, its

	ecological function, or its nature or earth science values.
If the identified feature is part of a stream or valleyland...	Development will not be allowed in streams and valleylands unless it has been demonstrated to the satisfaction of the Township that there will be no negative impact on the stream or valleyland or their ecological functions.
If the identified feature is part of a significant woodland...	Development will not be allowed in significant woodlands unless it has been demonstrated to the satisfaction of the Township that there will be no negative impact on the woodland or its ecological functions.
If the identified feature is part of an Environmentally Sensitive Area (ESA)...	Development will not be allowed in an ESA unless it has been demonstrated to the satisfaction of the Township that there will be no negative impact on the ESA or its ecological functions.
If the identified feature is a pond, lake or reservoir...	Development will not be allowed unless it has been demonstrated to the satisfaction of the Township that there will be no negative impact on the feature or its ecological functions.
If the identified feature is a regulated area according to the GRCA	The erection of a building or structure will not be allowed unless the written approval of the Grand River Conservation Authority is obtained.

9.2.3.3 Interpretation of the limits of EP Overlay boundaries shall be governed by Section 2.7.3. Where the EP overlay results from a GRCA regulation limit, and the limits of the regulated area are amended by the GRCA, then the limits of the EP overlay shall be deemed to be amended, without the need for an amendment to this by-law.

9.3 Conservation Area (CA) Zone

Within any CA ZONE, no land shall be used and no building or structure shall be constructed, altered or used except in accordance with the following regulations.
